The A55 is the main North Wales coastal route and is part of Euroroute E22 Trans-European Transport Network (TEN-T). It is also an important link, via county roads, for local towns and communities and provides a connection with the North-South A470 to south and central Wales. This section of the A55 was upgraded to a dual carriageway in the late 1960’s and accordingly, does not comply with current highway standards and is prone to flooding.
