VI.3. Informazioni complementari

The following certification will be a requirement of the upcoming tender exercise and applicants will be required to include evidence of this with their tender submission.
ISO 9001:2015 or equivalent externally accredited and up-to-date quality standard certificate (s) to cover all segments of the Applicant's (and the product's) supply chain. This should include but not be limited to manufacturing storage and distribution. Further information in respect of certification requirements will be set out in the notice for the forthcoming procurement. If such certificates are not in the name of the applicant then the applicant must supply a copy of agreements setting out the authority and responsibilities of all parties in the supply chain.
The purpose of this notice is to draw attention to a procurement that NHS Supply Chain intends to commence during the subsequent 12 months. The Invitation to Tender will be the subject of a separate notice and it is that notice to which potential suppliers will need to respond at the appropriate time.
The Framework Agreement between NHS Supply Chain and successful suppliers will reserve the right to purchase the same or similar supplies and/or services from suppliers not appointed to the Framework Agreement at its sole discretion.
Whilst it is anticipated that initial expenditure under any forthcoming procurement will be in the region of 72 000 000 to 100 000 000 for this contract award, this is approximate only and the values will be to such level as those purchasing under the Framework Agreement consider necessary to provide suitable requirements.
NHS Supply Chain expects to provide successful suppliers with the opportunity to offer additional savings to customers through the provision of discounted pricing, value-added offerings and commitment/bulk buy initiatives.
NHS Supply Chain intends to enter into arrangements under which it will be entitled to purchase supplies and/or services which it will make available for purchase by:
1) any NHS Trust;
2) any other NHS entity;
3) any government department, agency or other statutory body; and/or
4) any private sector entity active in the UK healthcare sector. Only NHS Supply Chain can order from the Framework Agreement and enter into contracts under it.

As part of its pre-tender strategy, NHS Supply Chain anticipates engaging with suppliers of these products. If you would like to contract with NHS Supply Chain in respect of the products which are the subject of this procurement, then please contact Jane Brannan by registering your expression of interest and using the Intenda Messaging Centre via http://procurement.supplychain.nhs.uk/ISS
