Popis výběrového kritéria: Is it necessary to have a particular membership in a particular organisation in order to provide the service in the tenderer's home country?

Kritérium: Opatření pro zajištění kvality

Popis výběrového kritéria: For goods or services that are complicated, or that in exceptional cases shall be used for a particular purpose: Will the tenderer allow checks of the tenderer's production capacity or technical capacity and, where necessary, of the survey and research facilities that the tenderer has at its disposal and of quality control measures? The inspections shall be undertaken by the contracting authority or the contracting authority can leave it to a competent public body in the country where the tenderer is established.

Kritérium: Vzorky, popisy nebo fotografie bez certifikátu pravosti

Popis výběrového kritéria: Procurement of goods: The tenderer presents supplies that shall be delivered, requested samples, descriptions or photographs, which do not need to be accompanied by certificates that they are genuine.

Kritérium: Vzorky, popisy nebo fotografie s certifikátem pravosti pro dodavatelské smlouvy

Popis výběrového kritéria: When procurement of goods: If requested, the tenderer further declares that they will deliver the requested certificates that they are genuine.

Kritérium: Certifikáty od institutů pro kontrolu kvality

Popis výběrového kritéria: Can tenderers submit the requested certificates issued by official bodies for quality control, and who can confirm that the goods, which are clearly identified by reference to technical specifications or standards, as determined in the notice or in the procurement documents, are in accordance with these?

Kritérium: Certifikáty od nezávislých subjektů o standardech pro zajištění kvality

Popis výběrového kritéria: Can tenderers submit certificates issued by independent bodies that document that the tenderer fulfils the stated quality assurance standards, including universal design requirements?

Popis výběrového kritéria: Is the tenderer able to submit certificates issued by independent bodies as documentation that the tenderer fulfils the stated environmental management systems or standards?

Kritérium: Další ekonomické nebo finanční požadavky

Popis výběrového kritéria: This requirement only applies to Norwegian tenderers.

Requirements: Tenderers must have their tax, payroll tax and VAT payments in order in

accordance with the legal provisions and the tenderer must not have significant arrears. Any arrears or other irregularities must be justified. Documentation requirement: Tenderers shall document the requirement through the certificate "Information on tax and duties". The certificate shall be of the type "RF-1507" and not "RF-1316". Tenderers can order such a certificate from the Norwegian Tax Administration on behalf of their activities. Tenderers are asked to enclose the certificate in the tender or submit it on request. The tax certificate must not be older than six months calculated from the deadline for receipt of tenders. Read about the certificate here: <https://www.skatteetaten.no/skjema/opplysninger-om-skatt-og-avgift/>

Kritérium: Další ekonomické nebo finanční požadavky

Popis výběrového kritéria: Requirements: Tenderers must have the financial capacity to execute the contract. The tenderer is required to be credit worthy, minimum A, in accordance with Dun & Bradstreet's service riskguardian suite (<https://riskguardian.bisnode.no/>), or have the financial capacity to execute the contract based on the contracting authority's discretion. Documentation requirement: The contracting authority will carry out their own assessment of the tenderer's finances through the RiskGuardian Suite (RGS). Tenderers can enclose other necessary information if the tenderer believes that the RGS does not provide a correct picture of the financial situation, e.g. with a lower credit rating than required. This can be an account of how the tenderer believes to still fulfil the requirement, with documentation that supports this (e.g. accounts, annual reports, etc.). If a tenderer has doubts about whether they fulfil the requirement and would like to rely on other entities for fulfilment (e.g. through a parent company guarantee), the tenderer must enclose a binding statement from the relevant company in their tender. The RGS comprises all Nordic countries. As a main rule, the contracting authority will not accept credit ratings from other company and accounting information systems than RGS due to equal treatment of the tenderers. Foreign tenderers outside the Nordic countries will, however, use and accept credit appraisal through Dun & Bradstreet's service Credit (<https://credit.dnb.com/>). Tenderers that the contracting authority cannot find at RGS (or Credit for suppliers outside the Nordic countries), e.g. newly established tenderers who have not built up a basis for a credit rating, must enclose a declaration/guarantee from a parent company/owner/bank or similar financing institutions, regarding the company's financial and economic position.

Kritérium: Reference na určité práce

Popis výběrového kritéria: Requirements: Tenderers are required to have experience from at least 1 similar assignment in the last 3 years. Equivalent assignments means the delivery of a complete crane vehicle (minimum 18 tonnes), i.e. a crane vehicle with a chassis, driver's cab, body/cupboard, with crane that can lift a minimum of 15 tons. Documentation requirement: Complete the annex "The Tenderer's experience" or other document with equivalent information.

5.1.10. Kritéria pro zadání

Kritérium:

Typ: Cena

Jméno/název: Price

Popis: Orientation: Tenderers shall fill in the attached price form in their cost calculations and submit it as an annex to the tender in Excel format. All fields in the attached price form marked with yellow shall be completed. Missing the price fields can cause difficulties in assessing the tender and the tender can then be rejected. All prices are in NOK, excluding VAT, including all direct or indirect expenses and duties that could be incurred in connection with the delivery. Order fees and invoice fees are to be seen as expenses. The prices shall include all costs for

the customer who is included in this competition. Costs that the tenderer knows will be incurred, but that are not specifically stated in the tender, will be seen as included in the stated costs. Evaluation: The total sum from the price form will form the basis of the price evaluation. When assessing the price, a hybrid model with break point 1 will be used. The attached template for the evaluation model is attached. (Remember to attach a template) The tenderer's total points for this award criteria is weighted with the award criteria's weighting percentage.

Kritérium:

Typ: Kvalita

Jméno/název: The offered system

Popis: Orientation: Tenderers are requested to describe the following that emphasis is put on under this award criteria: The maximum load shall be as high as possible. State the payload weight. Higher payloads give higher scores. The vehicle shall have an engine power of minimum 299 HC. State the power in HC on the offered vehicles. Higher engine power gives a higher score. The car shall have a diesel tank of minimum 350 litres. State the number of litres of offered diesel tanks. Higher volume gives a higher score. Evaluation: This award criteria will be assessed based on the tenderer's description of the award criteria. A total procurement assessment of the described system will be carried out during the evaluation. Best solution will be awarded the highest score (10). Other solutions will be awarded a point score relative to the best solution. The tenderer's total points for this award criteria is weighted with the award criteria's weighting percentage.

Kritérium:

Typ: Kvalita

Jméno/název: Environment

Popis: Weighting: The award criteria is weighted 30%. The award criteria consists of the following sub-criteria: The sub-criterion guarantee is weighted 60% of this award criteria. The sub-criterion spare-parts plan and proximity to the spare parts storage are weighted 40% of this award criteria. Orientation: 1. Guarantee (60%): Tenderers shall state: What is included in the guarantee beyond the minimum requirements. This applies to: Warranty on drivelines Rust and rearmament guarantee Exhaust and finishing system (Adblue, NOx sensors etc.) B. The length of the guarantee beyond 12 months. 2. Spare parts plan and proximity to spare parts storage (40%) The contracting authority will depend on having the vehicle on the road at all times in order to ensure optimum logistics for our drivers. We therefore depend on having a workshop with maximum response time for the started diagnosis of vehicles, as well as maximum response times for parts. NB! Under this award criteria, the stated delivery times and response times shall start when the customer does not have a service and repair contract as this is an option and the customer may not use the option. Tenderers are requested to describe the following (this point is weighted 30% of the total 40%). We would like the shortest possible response and delivery times: which wearing and spare parts are guaranteed to be available at the local workshop (within 18 km from Alvikvegen 194 in Ålesund) what is the guaranteed delivery time for other wearing and spare parts. Wearing and spare parts means no service parts. Service parts means: filters and oil. Wearing and spare parts means other parts such as: Brake parts, air cushions, sensors (all types). Tenderers are requested to describe the following (this point is weighted 10% of the total 40 %). We would like the shortest possible response time: C. Describe the guaranteed response time from when the vehicle is received at the workshop until the tenderer starts the diagnosis and repairs. Evaluation: This award criteria will be assessed based on the tenderer's description of the award criteria. A

procurement assessment will be made when evaluating the described system. For each sub-criteria, the best system will be given the highest score (10) and other solutions will be awarded a point score relative to the best solution. Scores achieved on each of the sub-criteria will be multiplied by interrelated weighting and added together. The tenderer's total points for this award criteria is weighted with the award criteria's weighting percentage.
