5.1.9. Kritéria pro výběr

Zdroje výběrových kritérií: Oznámení

Kritérium: Zápis do obchodního rejstříku

Popis výběrového kritéria: The contractor shall be a legally established company or consist of a community of contractors who are legally established companies. The requirement also applies to entities that the contractor will use, cf. point 4.1 below. The contractor shall not be a unit affected by the ban in the sanctions regulations of Ukraine § 8n, nor should it rely on entities in violation of § 8n. Documentation requirements: 1. Certificate from the Register of Business Enterprises or an equivalent certificate of statutory registration in the country where the contractor or the entities that will jointly constitute the contractor, cf. B2 point 4.2, has been established, as well as an equivalent certificate for all entities that the contractor will use to be qualified, cf. B2 point 4.1. 2. Completed table in chapter E1 point 3.2, possibly completed points 3.3 and 3.4. 3. A completed self-declaration on the relation to applicable sanctions law, cf. E1 point 3.6. 4. Upon request from the builder, the contractor shall document who are real right holders in the contractor, companies in the contractor's group or companies that the contractor has controlling ownership or authority in, companies that the contractor will use, contractors and any other in the supplier chain, as well as information on who is the general manager, chairman and other senior employees at the contractor.

Kritérium: Další ekonomické nebo finanční požadavky

Popis výběrového kritéria: Tenderers shall have sufficient economic and financial capacity to fulfil the contract, and shall also fulfil the following requirements: 1. Tenderers shall have equity of minimum NOK 50 million. 2. Tenderers shall have an equity ratio of at least 10%. 3. Tenderers shall have an average annual turnover of minimum NOK 120 million in the last three financial years. Documentation requirements: 1. The tenderer's annual financial statement, annual report and auditor's report for the last three years and recent information (quarterly accounts) that is of importance to the tenderer's fiscal numbers. 2. A brief account of information on economic conditions or losses that are not documented elsewhere and which is required to be documented in accordance with Norwegian and/or international accounting standards. The account shall also include any events of significance that occurred after the last revised annual accounts. 3. An overview of any recently executed, ongoing or pending tax or public reviews of the contractor's activities. 4. Completed table in chapter E1 point 4. If the contractor has a justifiable reason for not submitting the documentation that the builder has demanded, he can document his economic and financial capacity by presenting any other document of relevance to the company's fiscal figures/economy and which the builder deems suitable. The contractor shall justify why he cannot present the documentation the builder has demanded.

Kritérium: Reference na určité práce

Popis výběrového kritéria: Tenderers shall have sufficient experience with management and execution of road projects of a relevant nature and degree of difficulty. The contractor shall, in addition, have sufficient experience of a relevant nature and degree of difficulty from the following central works: 1. Electric power in road tunnel 2. EKOM and Automation in road tunnels. 3. Water and frost protection in the road tunnel. 4. Blasting work in road tunnels. 5. Demolition of concrete constructions 6. Assembly of prefabricated concrete elements 7. Form work and concrete work 8. Ground works 9. Work notification and securing of road work The contractor shall have experience from the execution of the central works as mentioned above. If the contractor only has experience from, for example, managing contract helpers, the contractor must rely on other entities that have the necessary experience from the execution of the relevant central works, see B2 point 4.1. Documentation requirements: 1. A list of up to 18 and not less than 5 contracts that the contractor has carried out or execute during the last five

years calculated from the deadline for submitting requests for participation in the competition. The minimum and maximum limit applies to the total number of reference projects, and is the same regardless of whether the tenderer fulfils the qualification requirement alone or relies on others to fulfil the qualification requirement. The listed reference projects shall together document fulfilment of the qualification requirement. The list shall, cf. the form included in chapter E1 point 5.1, contain the following for each of the contracts: • Name of the recipient (contracting authority) • A description of what the contract work was like, including relevance to the qualification requirement. • What work was carried out by the contractor himself and what work was carried out by sub-suppliers. • Date of the delivery. • The contract's value. • Reference person/gender neutral preferred at the contracting authority with contact data (telephone number and email address) and a statement of the person in question's role at the contracting authority during the contract. The gender neutral preferred may be contacted in order to verify that the information in the form is correct. The contractor will be responsible for ensuring that the reference person is available. 2. Completed form in chapter 2. E1 point 5.1.
