Název: Rovaniemi Airport Baggage Handling System Modernisation
Popis: The procurement concerns modernizing the existing baggage handling system for departure baggage at Rovaniemi airport. The procurement consists of modifications to the existing baggage handling system to add and integrate one (1) new standard 3 screening machine for departure baggage with its own conveyor line. Modernization of the existing baggage handling system for departure baggage must meet required specifications for baggage flow and redundancy, steel works, structures and other related peripheral devices /systems. The delivery includes designing, manufacturing, shipment, installation, integration of standard 3 screening machine, training and start-up of the Baggage Handling Systems. The procurement contains also fire doors and/or security shutters, low level control system, including SCADA remote monitoring system, SAC (Sort Allocation Controller) and other relevant interfaces and functionalities. On-site installations as well as commissioning are planned to take pace in period between 10/2026 – 11/2027. The successful implementation of the procurement requires cooperation with the contractors executing the necessary changes to the space where the baggage handling system is located and with the contractor installing the new screening machine.

2.1.4. Obecné informace

Další informace: The contract award procedure is conducted through a negotiated procedure in compliance with the Finnish Act on Public Contracts and Concessions by Contracting Authorities in the Water, Energy, Transport and Postal Services Sector (1398/2016). In the first phase of the Procurement, Candidates are invited to submit a Request to Participate via the Supplier Portal. Following the assessment of the Requests to Participate, the Contracting Authority will select the Candidates invited to continue in the Procurement. Only Candidates selected to continue in the Procurement and having submitted a duly completed and signed Non-Disclosure Undertaking (NDU) will be provided with the additional procurement documentation. The NDU form will be made available to the selected Candidates through the Supplier Portal. The signed NDU shall be sent to hankintapaallikot@finavia.fi with the subject "Rovaniemi Airport Baggage Handling System Modernisation". Upon receipt of the duly completed and signed NDU, Finavia will provide the selected Candidates with the additional procurement documentation required for preparing a Preliminary Tender. The documentation may include, among other things, the preliminary Invitation to Tender, draft Agreement, technical documentation, security-related information, floor plans and other relevant material. The technical documentation is subject to change due to the nature and progress of the construction planning and related processes. Based on the additional procurement documentation provided by Finavia, the selected Candidates will be requested to submit Preliminary Tenders. The Preliminary Tenders will form the basis for the subsequent negotiations between Finavia and the selected Tenderers. Following the submission of the Preliminary Tenders, Finavia will conduct negotiations with the selected Tenderers. The negotiations may cover, among other things, the scope and technical specifications of the procurement, implementation, pricing, contractual terms and other matters relevant to the Procurement. The negotiations shall be conducted in English. Tenderer-specific negotiations may be conducted via an online meeting system, such as Microsoft Teams. The Contracting Authority reserves the right to determine and amend the time, place, manner of participation and form of the negotiations. The Contracting Authority may request written clarifications or additional information from the Tenderers during the negotiations and may conduct several rounds of negotiations if deemed necessary. After completion of the negotiations, the Contracting Authority will issue the Final Invitation to Tender and invite the remaining Tenderers to submit their Final Tenders in accordance with the requirements and terms set out therein.
