2.1. Procedure

Titel: Case and archive system
Beskrivelse: The aim of this procurement is to establish a contract for the implementation and continual provision of services via the Internet ("as-a-service" deliveries). The Financial Supervisory Authority of Norway shall procure and establish a new Case and Archive system that shall support efficient processes and statutory archiving requirements.
Identifikator for proceduren: 892cdac7-09e7-4911-b7e8-a711dd122a59
Intern ID: 2026/3651
Udbudsprocedure: Udbud med forhandling/indkaldelse af tilbud med forudgående offentliggørelse
Proceduren er en hasteprocedure: nej
Hovedpunkterne i proceduren: The Financial Supervisory Authority of Norway shall procure a new case and archive system. The system shall contribute to supporting the Financial Supervisory Authority of Norway´s strategy on a data driven business and an entity that follows technological developments. In addition, there is a stated goal of streamlining the processing of cases. To support these goals, the Financial Supervisory Authority wants to join up with a forward-leaning supplier who wants to be an active supporter and contribute to the Financial Supervisory Authority reaching its targets over time. In order to support the requirement for data driven operations, there is a need for a system that allows flexible use of the Financial Supervisory Authority's data, both internally in the case archive system and in cooperation with the Financial Supervisory Authority´s other system portfolio. The system must provide efficient and user-friendly processes for executing case handling and archiving. Good and flexible integration possibilities will be decisive. The solution´s flexibility as regards future development of the needs of case and archive. The Financial Supervisory Authority of Norway would like a system that is user friendly and improves the case manager´s and manager´s everyday life. The system must therefore have built-in flexibility, so that good process flow support can be developed in the long term for all work processes in the audit and has functionality for effective management follow-up. Furthermore, The Financial Supervisory Authority wants a system that supports the use of case flow and rule-controlled steps, so that workflows can be built and maintained efficiently without suring security, performance or user experience. This also means that the system is most seamlessly and closely connected with other work surfaces such as M365 and the Financial Supervisory Authority´s own trade and report systems. A high

degree of automated document capture and retrieval are also important elements in regard to efficiency. The Financial Supervisory Authority of Norway as a government body is subject to a number of legal requirements. The system shall comply with applicable legal requirements within case archives, e.g. archive law, the Personal Data Act, the Public Data Act, the Public Administration Act, etc. The Financial Supervisory Authority wants to connect with a supplier who closely follows the changes and develops the system continuously to ensure compliance with coming and changed legal requirements. An important element will be the system´s ability to good security of finanstilsynet´s data as regards both the physical storage place, that the data is not going astray and efficient and good access management. The Financial Supervisory Authority of Norway aims to use cloud based services where appropriate. The new case and archive system shall be delivered and operated by a service provider such as a Software as a Service system and be available on PCs, tablets and mobiles independent of the user´s place of work, without the requirement for their own hardware. The tenderer shall be responsible for upgrading the system, integrations, security, operation and maintenance of the system and underlying infrastructure.
