IV.1. Beskrivelse

IV.1.1. Proceduretype

Tildeling af kontrakt uden forudgående offentliggørelse af en udbudsbekendtgørelse i Den Europæiske Unions Tidende i tilfældene anført nedenfor

- Tvingende grunde som følge af begivenheder, som den ordregivende myndighed ikke kunne forudse, og under streng overholdelse af direktivets betingelser

Forklaring:

A situation of extreme urgency exists in the context of UK-EU roll-on-roll-off ferry capacity by virtue of the UK leaving the EU on 29.3.2019 and the prospect that this exit may be on a no-deal basis. This extreme urgency arises from a combination of events, and the anticipated response to those events of a range of entities, including:

1) The possibility of severe congestion at and around UK ports from 29.3.2019, caused by increased border checks by European Union Member States, and consequently a significant reduction in capacity at ports on the short straits. It is anticipated that this could, without further intervention to secure additional ferry capacity, cause delivery of critical goods to be delayed and cause significant wider disruption to the UK economy and to the road network in Kent;

- 2) The significant lead times that are required to source additional ferry capacity which require action to be taken several months in advance of the capacity being required to be delivered and
- 3) Unexpected and unforeseeable limitations on the extent to which the market has to date been able to respond to these circumstances by putting in place contingency plans to deal with this scenario.
