Køberens retlige status: Regional myndighed

Den ordregivende myndigheds aktivitet: Sundhed

2. Procedure

2.1. Procedure

Titel: Family Pedigree Software Solution

Beskrivelse: The HUS Group requests tenders for family pedigree software solution mainly for the Clinical Genetics Unit. The procured software must be an on-premises, ready-to-use solution installed and operated within HUS-managed infrastructure and environment. The scope of the procurement includes software licences, implementation services, and related maintenance and support services required for the operational use of the software. The software will be used on a daily basis by approximately 20 to 30 users mainly within the Clinical Genetics Unit, including both physicians and nurses. In addition, a small number of users from the cardiology specialty will use the system. The family pedigree software is a critical tool in the Clinical Genetics Unit's daily operations. Information concerning almost all patients and families treated by the unit is recorded in the software. The Clinical Genetics Unit receives approximately 150 to 200 patient visits per week. The information stored in the software is of long-term clinical significance. When new patients from previously recorded families contact the Clinical Genetics Unit, often after several years, access to historical family data is essential. Therefore, reliable data preservation, availability, and retrievability are key requirements of the procurement. Laboratory system integration may be procured as an optional service and implemented as separately ordered expert work at the hourly expert rates specified in the Pricing Appendix. The subject matter and requirements of the procurement are described in detail in the call for tenders and its appendices.

Identifikator for proceduren: 3014ec70-10c7-4470-9fb5-6b09d7767fdf

Intern ID: HUS 275-2024

Udbudsprocedure: Offentligt udbud

Proceduren er en hasteprocedure: nej

Hovedpunkterne i proceduren: The procurement shall comply with the Act on Public Procurement and Concession Contracts (1397/2016, referred to as the Public Procurement Act). The procedure shall be an open procedure as defined in section 32 of the Public Procurement Act. PROCESSING OF TENDERS The procedure shall include the following phases: Contracting entity 1. Opens the tenders 2. Verifies the suitability of the tenderer 3. Checks that the tenders conform to the invitation to tender 4. Compares the tenders 5. Requests and checks certificates and reports on the suitability of the winning tenderer(s) 6. Makes a procurement decision and communicates it to all the tenderers 7. Concludes an

agreement with the selected tenderer(s) LANGUAGE OF THE COMPETITIVE TENDERING PROCEDURE The procurement documents are available in English. If a tenderer needs the documents in another language, the tenderer shall be responsible for translation and liable for the associated costs. Tenders must be prepared in English. PARALLEL TENDERS Parallel tenders are not permitted. PARTIAL TENDERS Partial tenders are not permitted.
