2.1. Procedure

Titel: Prequalification: Construction of 132 kV aerial pipes Fitjar and Stord.

Beskrivelse: Fagne plans to build an approximately 7 km long 66 (132) kV connection between Fitjar and Tysnes in Vestland county. In this connection, Fagne wishes to enter into a contract with a supplier for the procurement of materials as well as the construction of overhead power lines along parts of the route. The overhead power lines constitute approximately 4 km of the total 7 km route. The procurement also includes the dismantling of the existing cable termination tower in Ersvika further north on Tysnes, as well as the procurement of materials and the construction of a new cable termination tower, and the rebuilding of a suspension tower, including conductor stringing. For a more detailed description of the estimated contract start-up, progress, and deadlines, reference is made to the Contract Documents, Chapter E. Any negotiations may be conducted in several phases or rounds of negotiations, and the Contracting Authority reserves the right to reduce the number of tenders to be negotiated. An initial reduction in the number of tenders may take place already prior to the negotiations, cf. the Utilities Regulations, Section 19-12 (4).

Oplysninger om finansiering og betaling: The prices in the price sheets are given in Norwegian kroner (NOK) excluding VAT, and shall apply for a complete delivery, installed, tested and commissioned, as well as services during the warranty period. The combined price shall include any execution and material necessary to carry out the work described in the contract documentation with annexes, regardless of whether the actual execution or material in question can naturally be interpreted in a concrete price item. As the execution occurs, the

contractor can demand instalments of the contract sum. The settlement will occur on the basis of the units performed and that which is supplied to the construction site of material. The value is calculated according to the listed unit prices. The rates stated in the price sheets apply for additional/alteration and maths work. Hourly rates are excluding VAT, but include any customs duties and other taxes and duties. See part II, the contract documentation chapter F, for further information.
