Titel: 26/00274 Framework agreement for the procurement of services in sound and engineering - The Norwegian Health Network

Beschreibung: The Norwegian Health Network SF (the contracting authority) needs to enter into a framework agreement for services within Sound and Engineering. The contracting authority plans for gatherings, meetings and conferences with several participants and of high quality. The events will be held in different places in the country, mainly in Oslo, Trondheim and Tromsø. Some gatherings will be carried out in our own premises where the technical framework is in place, but where we can, however, need personnel or equipment supplements. In other cases the events will be held in external premises, e.g. hotel/conference /course premises, where in some cases there will be a need for full delivery of sound, lighting technique and personnel. This will depend on the chosen location and which facilities are available for the contracting authority. A framework agreement shall be signed with two tenderers, see Annex 2 for Procedures for awarding contracts within the framework agreement.
