Kriterium: Andere wirtschaftliche oder finanzielle Anforderungen

Beschreibung des Auswahlkriteriums: Requirements: Tenderers must have the financial capacity to execute the contract. The tenderer is required to be credit worthy, minimum A, in accordance with Dun & Bradstreet's service riskguardian suite (<https://riskguardian.bisnode.no>), or have the financial capacity to execute the contract based on the contracting authority's discretion. Documentation requirement: The contracting authority will carry out their own assessment of the tenderer's finances through the RiskGuardian Suite (RGS). Tenderers can enclose other necessary information if the tenderer believes that the RGS does not provide a correct picture of the financial situation, e.g. with a lower credit rating than required. This can be an account of how the tenderer believes to still fulfil the requirement, with documentation that supports this (e.g. accounts, annual reports, etc.). If a tenderer has doubts about whether they fulfil the requirement and would like to rely on other entities for fulfilment (e.g. through a parent company guarantee), the tenderer must enclose a binding statement from the relevant company in their tender. The RGS comprises all Nordic countries. As a main rule, the contracting authority will not accept credit ratings from other company and accounting information systems than RGS due to equal treatment of the tenderers. Foreign tenderers outside the Nordic countries will, however, use and accept credit appraisal through Dun & Bradstreet's service Credit (<https://credit.dnb.com/>). Tenderers that the contracting authority cannot find at RGS (or Credit for suppliers outside the Nordic countries), e.g. newly established tenderers who have not built up a basis for a credit rating, must enclose a declaration/guarantee from a parent company/owner/bank or similar financing institutions, regarding the company's financial and economic position.
