2.1. Verfahren

Titel: National road 70 Fale bridge

Beschreibung: The contract work includes a new bridge on national road 70 at Fale, over the river Driva in Sunndal municipality. The site is located approx. 16 km southeast of the centre of Sunndal. The existing bridge does not fulfil the requirements for user class BK10/60. The new bridge will particularly improve accessibility for the heavy vehicle industry, and provide better traffic safety at junctions to local roads. In addition to the new bridge, the contract work includes improvements to junctions to Vermøyvegen, as well as affected private exits. The extent of the new bridge with the accompanying remodelled road is approx. 800 m.

5.1.9. Eignungskriterien

Quellen der Eignungskriterien: Bekanntmachung, Auftragsunterlagen

Kriterium: Eintragung in das Handelsregister

Beschreibung des Eignungskriteriums: The contractor shall be a legally established company or consist of a community of contractors who are legally established companies. The requirement also applies to entities that the contractor will use, cf. point 4.1 below. The contractor shall not be a unit affected by the ban in the sanctions regulations of Ukraine § 8n, nor should it rely on entities in violation of § 8n. Documentation requirement: 1. Certificate from the Register of Business Enterprises or an equivalent certificate of statutory registration in the country where the contractor or the entities that will jointly constitute the contractor, cf. B2 point 4.2, has been established, as well as an equivalent certificate for all entities that the contractor will use to be qualified, cf. B2 point 4.1. 2. Completed table in chapter E1 point 3.2, possibly completed points 3.3 and 3.4. 3. A completed self-declaration on the relation to applicable sanctions law, cf. E1 point 3.6. 4. Upon request from the builder, the contractor shall document who are real right holders in the contractor, companies in the contractor's group or companies that the contractor has controlling ownership or authority in, companies

that the contractor will use, contractors and any other in the supplier chain, as well as information on who is the general manager, chairman and other senior employees at the contractor.

Kriterium: Andere wirtschaftliche oder finanzielle Anforderungen

Beschreibung des Eignungskriteriums: Tenderers shall have sufficient economic and financial capacity to fulfil the contract, and shall also fulfil the following requirements: 1. Tenderers shall have equity of minimum NOK 50 million. 2. Tenderers shall have an equity ratio of at least 10%. 3. Tenderers shall have an average annual turnover of minimum NOK 100 million in the last three financial years. Documentation requirement: 1. The tenderer's annual financial statement, annual report and auditor's report for the last three years and recent information (quarterly accounts) that is of importance to the tenderer's fiscal numbers. 2. A brief account of information on economic conditions or losses that are not documented elsewhere and which is required to be documented in accordance with Norwegian and/or international accounting standards. The account shall also include any events of significance that have occurred after the last revised annual accounts. 3. An overview of any recently executed, ongoing or pending tax or public reviews of the contractor's activities. 4. Completed table in chapter E1 point 4. If the contractor has a justifiable reason for not submitting the documentation that the builder has demanded, he can document his economic and financial capacity by presenting any other document of relevance to the company's fiscal figures/economy and which the builder deems suitable. The contractor shall justify why he cannot present the documentation the builder has demanded.

Kriterium: Referenzen zu bestimmten Arbeiten

Beschreibung des Eignungskriteriums: Tenderers shall have sufficient experience with management and execution of road projects of a relevant nature and degree of difficulty. The contractor shall, in addition, have sufficient experience of a relevant nature and degree of difficulty from the following central works: 1. Bridge constructions 2. Road construction 3. Sheet piling and piling 4. Mass haulage in areas with quick clay. The contractor shall have experience from the execution of the central works as mentioned above. If the contractor only has experience from, for example, managing contract helpers, the contractor must rely on other entities that have the necessary experience from the execution of the relevant central works, see B2 point 4.1. Documentation requirement: 1. A list of up to 8 and not less than 3 contracts that the contractor has carried out or are carrying out during the last five years calculated from the deadline for submitting requests for participation in the competition. The minimum and maximum limit applies to the total number of reference projects, and is the same regardless of whether the tenderer fulfils the qualification requirement alone or relies on others to fulfil the qualification requirement. The listed reference projects shall together document fulfilment of the qualification requirement. The list shall, cf. the form included in chapter E1 point 5.1, contain the following for each of the contracts: • Name of the recipient (contracting authority) • A description of what the contract work was like, including relevance to the qualification requirement. • What work was carried out by the contractor himself and what work was carried out by sub-suppliers. • Date of the delivery. • The contract's value. • Reference person/gender neutral preferred at the contracting authority with contact data (telephone number and email address) and a statement of the person in question's role at the builder during the contract. The gender neutral preferred may be contacted in order to verify that the information in the form is correct. The contractor will be responsible for ensuring that the reference person is available. 2. Completed form in chapter 2. E1 point 5.1.

Anhand der Kriterien werden die Bewerber ausgewählt, die zur zweiten Phase des Verfahrens eingeladen werden sollen

Kriterium: Umweltmanagementmaßnahmen

Beschreibung des Eignungskriteriums: Tenderers shall be certified in accordance with ISO 14001 (2015), EMAS (EU Eco-Management and Audit Scheme for Environmental Management), or The Eco-Lighthouse Scheme, with relevance to equivalent transport projects. Documentation requirement: 1. Certificate issued by an independent body that documents that the contractor is certified in accordance with ISO 14001 (2015), EMAS (EU Eco-Management and Audit Scheme for Environmental Management) or The Environmental Lighthouse Scheme. The independent body must be accredited by Norwegian accreditation or equivalent bodies in other EEA countries. 2. Other documentation for equivalent environmental management measures will be accepted if the contractor is unable to obtain such certificates by the deadline, and this is not due to the contractor himself. It is a prerequisite that the contractor documents that these measures are equivalent to the requested environment systems or standards. The contractor shall justify why he did not have the opportunity to receive such certificates by the deadline, and what this is due to.

Kriterium: Maßnahmen zur Sicherstellung der Qualität

Beschreibung des Eignungskriteriums: The contractor shall be certified in accordance with ISO 9001 (2015), of relevance for equivalent transport projects. Documentation requirement: 1. Certificate issued by an independent body that documents that the tenderer is certified in accordance with ISO 9001 (2015). The independent body must be accredited by Norwegian accreditation or equivalent bodies in other EEA countries. 2.
