Bedingungen für die Ausführung des Auftrags: It is a special condition relating to the performance of this contract that the applicants, members of bidding consortia and subcontractors have to declare the following absence of a conflict of interest. A conflict of

Interest exists, in particular, for a (single) commercial importer/wholesaler of (German) wine. Due to the DWI's legal mandate and the European framework (Regulation (EU) No 1308/2013

(amended most recently by Regulation (EU) No. 2024/1143) and Notification SA.54935 (2019

/N), DWI may only carry out non-competitive worldwide marketing activities in cooperation with German producers. Therefore, any measures that are taken have to basically benefit all (wine) producers of the (wine) product type concerned. In case of bidding consortia, a self-declaration is required from each individual member of the consortium. Any applicant, member of a bidding consortium or sub-contractor not submitting this declaration will be excluded from further participation.

5.1.15. Techniken

Rahmenvereinbarung:

Rahmenvereinbarung ohne erneuten Aufruf zum Wettbewerb

Höchstzahl der Teilnehmer: 1

Begründung der Laufzeit der Rahmenvereinbarung: The German Wine Institute has been working with foreign agencies for over 30 years. These agencies act as official representatives of the German Wine Institute. The target group consists of German wine producers, the media, the gastronomy and trade sector including end consumers in the respective target countries. The experience of over 30 years has shown, that it takes at least three years for an agency to develop a sufficient network of members of the aforementioned target group. From a marketing perspective it has been proven, that the initial investments made only start to amortize after this point in time. From this point on, after having built the network with the media and the gastronomy and trade sector and the mentioned representation is achieved, agency services start to become effective in a marketing sense, which enables the agencies to place marketing strategies and goals in an efficient way. The necessary investment volume on both sides, on the service provider's and client's side, is considered a recognized reason to deviate from the standard term of four (4) years for a framework contract by the public procurement jurisdiction.
