

United Kingdom-London: Pollution tracking and monitoring and rehabilitation
OJ S 1/2016 02/01/2016
Contract award notice
Services

Directive 2004/18/EC

Section I: Contracting authority

I.1. Name and addresses

Official name: LondonWaste Ltd

Postal address: EcoPark, Advent Way

Town: London

Postal code: N18 3AG

Country: United Kingdom

For the attention of: Peter Wykes

E-mail: peter.wykes@londonwaste.co.uk

Telephone: +44 2088845517

Internet address(es):

General address of the contracting authority: <http://www.londonwaste.co.uk/>

I.2. Type of the contracting authority

Body governed by public law

I.3. Main activity

Environment

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title

Flue Gas Treatment and Effluent Treatment Plant — Operation and Maintenance 2015.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 1: Maintenance and repair services

NUTS code UKI London

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

II.1.4. Short description of the contract or purchase(s)

Pollution tracking and monitoring and rehabilitation. Services related to air pollution.

Services related to water pollution. Air pollution protection services. Services related to toxic substances pollution. Toxic substances rehabilitation services. Sewage treatment services. Operation of a sewage plant. Water treatment work. LondonWaste Ltd ('The Company') own and operate the EcoPark Energy Centre located in Edmonton, London.

The Energy Centre has 5 boilers burning approximately 500 000 tonnes of domestic refuse per year in a continuous 24 hour operation, 7 days per week. The waste is delivered by

road via the weigh bridges/gate house by various types of transport. The waste is tipped and held in storage bunkers. Waste is fed by 3 5-m³ grabbing cranes from the storage bunkers to the feed chutes of each boiler. Each of the water tube boilers is operated to achieve an evaporation rate of 40 tonnes per hour, at a steam pressure of 41,5 Bar and temperature of 415 °C. Material which remains after the incineration process is transferred to the residual conveyors for onward transfer for further treatment and recycling. The flue gas treatment plant consists of 4 streams each designed to treat up to 137 500 Nm³/h of flue gas. Each boiler may deliver up to 110 000 Nm³/hr of flue gas at a temperature of around 190 °C.

The superheated steam from the boilers is used to drive 4 single cylinder, 17 stage turbines to generate electrical power at 11 kV. This power is used for the house load with the surplus exported to the National Grid via 2 step-up 11/33 kV transformers. The power exported to the grid averages 32 MWh.

This specification is for the supply of Operations and Maintenance (O&M) services to the Energy Centre Flue Gas Treatment (FGT) and Effluent Treatment Plant (ETP). This is to ensure that the Company has competent resources available during normal and abnormal plant operations as well as planned and unplanned outages to provide operational, maintenance and overhaul services.

Each boiler undergoes an annual statutory survey and during this period 1 of the 4 FGT streams will also undergo an annual survey. During this time offload repairs are carried out such as replacement of expansion joints, cleaning of and repairs to the quench towers, repairs to booster fans, replacement of plate work where required, overhaul of conveyors and pumps, etc.

It is intended that the contract for the works defined in this specification will be for an initial period of 4 years. However, the Company retains the option to extend the contractual term for an additional period of 12 months.

All communication must be directed via the Delta e-Sourcing Portal. You will need to register as a supplier on Delta which is free and takes less than 10 minutes.

Important:

The PQQ Access Code is VGNTZY7MF8. You will be required to complete the PQQ and submit it together with all relevant attachments before the stated deadline. Failure to comply will result in your organisation being excluded from the process. A copy of the Invitation to Tender is provided in excel format for viewing only at this stage. Only those suppliers that are shortlisted will be invited to participate in the tender process. Thank you for your cooperation.

II.1.5. CPV code(s)

90730000 Pollution tracking and monitoring and rehabilitation, 90731000 Services related to air pollution, 90733000 Services related to water pollution, 90731300 Air pollution protection services, 90743000 Services related to toxic substances pollution, 90743200 Toxic substances rehabilitation services, 90420000 Sewage treatment services, 90481000 Operation of a sewage plant, 45232430 Water-treatment work

II.1.6. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

II.2. Total value of the contract/lot

II.2.1. Total value of the contract/lot

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Restricted

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of

1. Price. Weighting 60
2. Quality. Weighting 40

IV.2.2. Information about electronic auction

An electronic auction has been used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

IV.3.2. Previous publication concerning this procedure

no

Section V: Award of contract

V.1. Date of conclusion of the contract

21.12.2015

V.2. Information about tenders

Number of tenders received by electronic means: 2

V.3. Name and address of the contractor

Official name: Thomson Ltd

Postal address: Monk Fryston Park, Betteras Hill Road

Town: Leeds

Postal code: LS25 5PF

Country: United Kingdom

E-mail: t.giles@thomson-group.co.uk

V.4. Information on value of the contract/lot

Initial estimated total value of the contract/lot:

Value: 2 000 000 GBP

excluding VAT

Total value of the procurement:

Value: 2 000 000 GBP

excluding VAT

If annual or monthly value:

Number of months: 60

V.5. Information about subcontracting

The contract is likely to be subcontracted: no

Section VI: Complementary information

VI.1. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no
