II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

The procurement involves the establishment of a framework agreement

II.1.4. Short description of the contract or purchase(s)

This Framework Agreement is for the supply and installation of power supplies to Centro's suite of roadside infrastructure products for a maximum period of 4 years.

The outputs required are as follows:

1. Provide new electrical connections to agreed sites (providing all excavation and reinstatement);
2. Provide necessary Project Management, supervision of works and discharge of Principal Contractors Obligations
3. Order and supply Feeder Pillar to include single circuit isolator ready to accommodate outgoing private network cabling;
4. Provide traffic/pedestrian management on-site associated to servicing work.

A mini-competition will be undertaken to award each piece of work, however, Centro reserves the right to make a direct award if applicable. All qualified suppliers will be invited to take part in each mini-competition. The rates tendered in the Framework Agreement will be the maximum that can be charged throughout the life of the Framework. Also please note that the successful Contractor (s) shall be registered with the National Inspection Council for Electrical Installation Contracting (NICEIC) or equivalent.

This Framework Agreement is available for any Local Authority, Integrated Transport Authority or public body in the UK to access and order from including specifically all 7 West Midlands authorities (Birmingham City Council, Solihull, Coventry, Dudley, Wolverhampton, Walsall and Sandwell). It is not the intention that Centro uses the Framework to procure on behalf of other organisations rather that other public bodies have access to it and procure directly from the qualified suppliers.
