VI.1. Information about European Union funds

VI.2. Additional information

The Highland Council will renew/review this Framework every six months offering the opportunity for new Contractors or those who missed the opportunity to access to the Framework.

During the valid period of this Framework, there is potential for both Scottish Natural Heritage and NHS Highland to consider their participation within this Framework and to pilot not only the service delivery side for property repairs with the Framework Contractors, but also to develop their related administrative and management processes as they relate to delivery of the Framework scope.

Although not necessarily directly linked to participation in the Framework, The Highland Council currently deliver certain aspects of property maintenance and repairs on behalf of Police Scotland and Scottish Fire and Rescue Service.

(SC Ref:425029).
