MERKUR is an export cable route to connect the offshore wind farm Merkur OOS to the DoWin gamma platform, investigation will commence offshore for 2 cables with the length of 2 x 12,3 km. Water depth ~28 m.

II.2.5. Award criteria

Criteria below

Quality criterion - Name: Compliance with specification / technical concept / Weighting: 20

Quality criterion - Name: Concept to ensure order-related availability / Weighting: 30

Quality criterion - Name: Contract conditions / Weighting: 20

Price - Weighting: 30

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 01/04/2017 End: 31/03/2018

This contract is subject to renewal: no

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 3 Objective criteria for choosing the limited number of candidates:

The selection of candidates who will be invited to negotiations after tendering process in accordance with the award criteria under paragraph II.2.5).

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

TenneT reserves the right to decide on the agreement of optional services until further notice.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Evidence to be provided by submitting the following documents:

- current excerpt from the commercial register (no older than 3 months);
- company and business organization chart (in particular locations of the company);
- organizational diagram;
- demonstration of sufficient number of employees with English language;
- existing third party liability insurance with a minimum coverage level of 10 000 000 EUR per incident by confirmation / certificate of insurance.

The above conditions must be met either by the tenderer or in sum by a bidding consortium. It is not sufficient if the conditions are met only by the combination of tenderer and subcontractor (s), or if only the subcontractor fulfils the contract conditions.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Evidence to be provided by submitting the following documents:

- business reports (mind. company balance sheet/profit and loss account) of the last 3 years have to be submitted,
- companies proof of a total turnover of min. 3 000 000 EUR within the last 3 years for Lot 1
- NordLink and of min. 1 000 000 EUR within the last 3 years for Lot 2 — MERKUR.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Admitted are only companies, which can show proof of 5 project references not older than 3 years, which:

- demonstrate that the applying company was actively in the lead of QA/QC offshore UXO clearance campaigns (show evidence of own performance).
- demonstrate experience and knowledge in offshore UXO clearance campaigns.

The above conditions must be met either by the tenderer or in sum by a bidding consortium. It is not sufficient if the conditions are met only by the combination of tenderer and subcontractor (s), or if only the subcontractor fulfils the contract conditions.

The description of the relevant projects must include at least the following information:

- name of client (incl. contact person for possible queries),
- total construction costs of the project,
- beginning of the project,
- duration of the project,
- information regarding the functions performed by the tenderer in the respective project.

Furthermore, the following information must be provided:

- list of an adequate number of people (CVs of key personnel), who are currently available for the tenderer and were engaged in relevant projects in the past,

- statement regarding the conditions according to which these reference projects were executed,
- statement whether the company has experience in dealing with the German licensing authorities.

III.1.4. Objective rules and criteria for participation

List and brief description of rules and criteria:

See point VI.3).

III.1.8. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

In the event that different tenderers join together in a consortium, only a joint and several liability of the consortium will be accepted by the client. Furthermore the consortium has to name a single consortium manager. Also the exact consortium constellation has to be explained and the legal construction has to be presented. The consortium structure shown in the pre-qualification is considered as fixed and may not be changed in further proceedings.

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Negotiated procedure with prior call for competition

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.4. Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 06/02/2017 Local time: 12:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.2.4. Languages in which tenders or requests to participate may be submitted

German, English

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 01/04/2017

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.3. Additional information

Companies and affiliated companies, which are providing or have been providing offshore UXO geophysical survey, identification and disposal services to TenneT or its subsidiaries are excluded from tendering process in order to avoid conflicts of interest.

The list of other clients in Section I.1) is non-concluding and may be extended later.

The client is, in accordance with § 57 SektVO, entitled to stop the tendering process at any time. Please note explicitly the deadline with accordance to § 160 paragraph 3 No 4 GWB.

The client is entitled to transfer the award procedure (partially) to other legal entities.

The participation proposal has to be sent in until the deadline as stated in section IV.2.2).

The invitation to tender is expected to be send out until the date stated in section IV.2.3).

The password for the zip-container under link <http://ausschreibung.tennet.eu/> will be provided together with the ITT.

For submission of the documents, no separate forms etc. have to be completed. Only the documents which are mentioned under point III.1) 'Conditions for participation' have to be submitted. For tender consortia / joint ventures / consortia each of the member of the tender consortia / joint ventures / consortia has to submit the requested documents mentioned under point III.1) 'Conditions for participation'. Here, the consortium manager of the tender consortia / joint venture / consortia has to be stated clearly.

The participation proposal has to be submitted in duplicate — 1 set in paper form and 1 identical set in digital form (on CD / DVD or USB in a standardized data format such as PDF or MS Office format). A preliminary submission of participation proposal via email is not permitted and may lead to exclusion of the candidate from the tendering process. The documents must be received simultaneously in paper and digital form by the specified deadline as under point IV.2.2).

The envelope must be marked as follows and submitted to:

'TenneT Offshore DoIWin3 GmbH & Co. KG; Att.: Mrs Jana Gerlach; Procurement and Logistics Germany; Business Continuation (PRC-GBC); Eisenbahnlängsweg 2a; 31275, Lehrte, Germany

NOT to be opened by post handling office'

Due to valid confidentiality interests detailed technical documents will be made available to the tenderers only after submission of countersigned confidentiality agreement (download via: <http://ausschreibung.tennet.eu/>) and the successful pre-qualification.

VI.4. Procedures for review

VI.4.1. Review body

Official name: Regierung von Mittelfranken — Vergabekammer Nordbayern

Postal address: Postfach 606

Town: Ansbach

Postal code: 91511

Country: Germany

E-mail: vergabekammer.nordbayern@reg-mfr.bayern.de
