Kirklees Council is the only Contracting Authority that will enter into any framework agreement with the successful bidders. The other Contracting Authorities listed in section I.1 shall be permitted to use the framework agreement to call-off contracts in relation to the Lot relevant to each individual Contracting Authority. In addition, the framework agreement may be used by any of the other Local Authorities (as defined under the Local Government Act 1972) within the Yorkshire and Humber Region. A map and list of the other Local Authorities permitted to use the framework agreement can be found in the Tender Documents (see Appendix 1). The contracting Authority considers that this contract may be suitable for economic operators that are small or medium enterprises (SMEs). However, any selection of tenderers will be based solely on the criteria set out for the procurement, and the contract will be awarded on the basis of the most economically advantageous tender. The award criteria is set out in the Tender Documents. Estimated total value of purchase for the entire duration of the Framework Agreement, please note the range of values stipulated in Section II.1.5 of this Notice covers the potential spend of all the participating Contracting Authorities, throughout the duration of the Framework Agreement.

Notwithstanding the above paragraph, however, for the avoidance of doubt please note that:

- i) The estimates given in Section II.1.5 of this Notice are strictly estimated values only.
- ii) Any information supplied in the Tender Documents as to the likely volumes of Orders or the times when they are likely to be required are given purely as indication of past experiences of the Contracting Authorities.
- iii) Furthermore, please note that estimates given in Section II.1.5 of this Notice are based on third party estimates of anticipated future workloads during the Framework Period as at the date of this Notice, and Kirklees Council gives no warranty as to the accuracy to said data.
- iv) The anticipated total value and usage of this Framework Agreement is unknown at present. Tenderers should note that it is not possible to establish an exact future workload and it is therefore not possible to guarantee that all or any of the successful economic operators with whom Kirklees Council enters into the Framework Agreement will in fact be called upon to execute Orders on behalf of Kirklees Council or any of the other Contracting Authorities. Unless otherwise specifically stated elsewhere in the Tender Documents, there is no minimum or maximum value/quantity of Goods that may be ordered on any one occasion and the rates tendered must therefore reflect the likelihood of varying magnitude of Goods and types of Orders.
- v) No Contracting Authority is bound to enter into any Order or other contract following discussions or other representations and no Contracting Authority shall incur any liability in respect of any failure to enter into any Contract or in connection with the total volume, type of orders or value of Orders anticipated by any of the Tenderers or which any Tenderer is asked to carry out.
