II.2.4. Description of the procurement

The IT platform of the Achilles utilities NCE qualification system has been updated and the new system has gone live on 20 December 2021. Some suppliers with merged accounts have been requested to update their questionnaires in order to be registered as Silver or Silver+ suppliers. Only Silver or Silver+ suppliers are eligible for EU tenders. Further, some suppliers have been requested to update their questionnaire in relation to the European Single Procurement Document ("ESPD"), which is a requirement in some EU tenders. Suppliers are encouraged to check if they have been requested to send updated information. Suppliers must update their questionnaire by 20 January 2022 the latest. If an update is made by a supplier after this date, the supplier will only be invited to EU tenders that will be published after the update has been made.

ACHILLES UTILITIES NCE is a joint qualification system for suppliers and contractors to utilities in Nordics and Central Europe. It's operated by Achilles under Article 77 of Directive 2014/25/EU. The entities mentioned in this notice and the Ørsted Group will use ACHILLES UTILITIES NCE for tenderer selection for contracts and framework agreements subject to EU procurement rules, but reserve the right to publish individual notices for specific requirements where they deem it necessary, even though they relate to the product and service categories covered by ACHILLES UTILITIES NCE.

II.2.5.

Award criteria

Renewal of the qualification system

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.9. Qualification for the system

Conditions to be fulfilled by economic operators in view of their qualification:

Suppliers may apply for qualification at any time. To apply the suppliers must complete an Order Form and pay in advance an annual qualification fee between EUR 214 to 959. The Order Form with qualification requirements can be obtained here <https://pages.achilles.com/achilles-unce-supplier-registration>. To qualify the suppliers must complete an online questionnaire covering detailed information. Ørsted Entities encourages the suppliers to submit an ESPD to Achilles via Achilles Utilities NCE, since an ESPD will be required in most of Ørsted's tenders. Basic commercial requirements must be satisfied. Some buying organizations may have individual requirements in addition to the basic requirements. The suppliers can therefore be asked to answer customer-specific questions related to the qualification. Achilles Utilities NCE is open to manufacturers or distributors doing business directly with the buyer. The bidders lists will be based on suppliers that have passed the initial qualification.
