**II.2.4. Description of the procurement**

Ålesund kommune, Giske kommune, Sula kommune, Sykkylven kommune, Stranda kommune and Hareid kommune with subsidiary companies (Contracting authority) will procure a new supplier for main bank services. In addition to the municipalities, businesses organised under the municipalities, as municipal companies, inter-municipal cooperations, municipal limited liability companies, foundations and legacies etc. use the contract. Companies organised under the municipalities can join or exit from the contract during the contract period. See which companies are included at commencement below in the description.

Through the choice of bank connection, the contracting authority will be supported in efficient operations with banking services in the form of payment services, efficient communication solutions and other daily banking services. The contracting authority must also provide the possibility of operating credit, financing and liquidity management. In this contest, suppliers will give a combined price offer to the contracting authority. The purpose of the procurement is that the individual municipality or businesses will have their need covered in the most economically advantageous manner. A framework agreement will be signed with one tenderer. The contract does not commit a specific volume. The stated figure in the tender documentation is based on estimates from previous accounts and statistics. Changes in budget, routines, operation,

activity and other framework factors can affect the total volumes in the procurement. A detailed description of the delivery is in Appendix 1 of the contract. The duration of the contract is 2 years from the signing date. The contracting authority has the option to extend the contract for a further 1 year + 1 year. The value of the procurement in the form of fees, provisions, interest and other forms of remuneration are anticipated to be around NOK 10 million over the contract period including options.
