The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Procurement — Consultancy services municipal engineering installations, 2016.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Giske, Haram, Herøy, Norddal, Sandøy, Skodje, Stordal, Sula, Vestnes, Ørskog, Ørsta, Ålesund.

NUTS code

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with several operators

Duration of the framework agreement

Duration in years: 2

II.1.5. Short description of the contract or purchase(s)

The purpose of the contract is to cover the contracting authority's need for technical consultants for, amongst other things, preliminary engineering design services, preparation of tender documentation, construction management and general advice. The consultancy services are wanted for municipal engineering installations, with an emphasis on water, sewage, sanitation, roads, sites, parks:

Part 1. Water and sewage transport, i.e. pipeline network

Part 2. Water and sewage process, i.e. treatment facilities and network stations

Part 3. Environment mapping and pollution

Part 4. Municipal infrastructure (traffic planning and regulation, waste facilities, road installations and geotechniques)

Part 5. Bridge and wall constructions

Part 6. Sports facilities

Part 7. Parks and outside areas (green areas, leisure facilities and dam techniques/security)

Part 8. Project administration (project management and construction management) — PA

Tenderers shall be able to provide independent inspections within the disciplines where relevant.

Tenderers can submit a tender for one/several/all of the parts. Each sub area will be evaluated and

awarded separately and must therefore be priced independently of each other.

II.1.6. CPV code(s)

71000000 Architectural, construction, engineering and inspection services, 45240000

Construction work for water projects, 71200000 Architectural and related services, 71222100

Urban areas mapping services, 71300000 Engineering services, 71310000 Consultative

engineering and construction services, 71311300 Infrastructure works consultancy services,

71313000 Environmental engineering consultancy services, 71400000 Urban planning and

landscape architectural services, 71500000 Construction-related services, 71600000

Technical testing, analysis and consultancy services, 71700000 Monitoring and control

services, 71800000 Consulting services for water-supply and waste consultancy

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

It is difficult to estimate the value of the framework agreement and the scope of each product. Based on historical figures,

it is estimated that Ålesund municipality has procured services for approx. 4 000 000 NOK excluding VAT per

year. The expected volume in the other participating municipalities is expected to be considerably lower than

this. The total estimated value of the contract will probably be 7 000 000 NOK-8 000 000 NOK excluding VAT per year.

These figures are only rough estimates and are only meant to give tenderers a guide to the scope of the contract. The scope of the contract can vary from this during the contract period. The contracting authority is not bound by the stated estimate/value.

The volume per municipality/company/intermunicipal collaboration will, in the contract period, depend

on i.a. the contracting authority's requirements, activities, budgetary situations and other frame factors.

II.2.2. Information about options

Options: yes

Description of options: The contract will be valid for 2 years with option for the contracting authority to extend the contract for 1 + 1 year.

II.2.3. Information about renewals

This contract is subject to renewal: yes

Number of possible renewals: 2

In the case of renewable supplies or service contracts, estimated timeframe for subsequent contracts:

in months: 12 (from the award of the contract)

II.3. Duration of the contract or time limit for completion

Duration in months: 24 (from the award of the contract)

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: A VAT certificate is required.
A tax certificate is required.

III.2.2. Economic and financial ability

List and brief description of conditions: Credit Rating.

Documentation requirement: The contracting authority will assess the finances of tenderers through the company and accounting information system Bisnode AS.

(www.soliditet.no/creditcontrol) with the service CreditPro.

The Contracting Authority will not accept credit ratings from other company and accounting information systems than Bisnode AS with the service CreditPro.

Tenderers can enclose other necessary information in the tender if a tenderer believes that Bisnode/CreditPro does not provide a correct picture of the financial situation. This also applies to foreign tenderers.

Minimum level(s) of standards possibly required: Credit Rating.

Requirement: The financial capacity to fulfil the contract is required. The minimum requirement is that

the tenderer is credit worthy, A in accordance with Bisnode AS with the service CreditPro or the financial capacity to fulfil the contract based on the contracting authority's judgement in relation to the attached documentation from the tenderer.

III.2.3. Technical and professional ability

List and brief description of conditions:

Quality assurance system.

Documentation requirement: A report shall be enclosed on the tenderer's quality assurance system/management system, or a copy of a system certificate issued by accredited certification bodies or equivalent documentation.

The contracting authority will also accept other documentation which shows that the tenderer has

equivalent quality assurance measures. As a minimum a general description of the contents of the system must be provided, including an overview of control plans and check lists that are relevant for this contract.

Professional qualifications.

Documentation requirement: Documentation of central certification for the right to be responsible. Companies that

do not have central certification shall enclose the necessary basic information required to document that the qualification requirements are fulfilled.

Experience.

Documentation requirement: A reference list shall be enclosed that shows 5 relevant contracts in the last 4 years. The references shall include information on a contact person and a telephone number, as well as a short description of the assignment's content.

Minimum level(s) of standards possibly required:

Quality assurance system.

Requirement: The services that are to be provided must have a good and well-functioning quality assurance system.

Professional qualifications.

Requirement: Tenderers are required to be highly qualified. Highly qualified means that the tenderer, where relevant, as a minimum must fulfil the requirements for the

right to be responsible for development class 2 in accordance with the building application regulations.

Experience.

Requirement: Tenderers are required to have experience from similar assignments.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Open

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

15/7052

IV.3.2. Previous publication concerning this procedure

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Time limit for receipt of requests for documents or for accessing documents: 22.2.2016 - 13:00

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

22.2.2016 - 13:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

until: 22.5.2016

IV.3.8. Conditions for opening of tenders

Date: 22.2.2016 - 14:00

Place:

Ålesund Town Hall.

Persons authorised to be present at the opening of tenders: no

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.3. Additional information

Visma notice: <https://opic.com/id/afmmtxgshxs>

VI.4. Procedures for review

VI.4.1. Review body

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5. Date of dispatch of this notice

14.1.2016
