V.2.5. Information about subcontracting**Section VI: Complementary information**

VI.3. Additional information

L'Analyse des mémoires techniques produits par les entreprises montrent que certaines d'entre elles (qui le déclarent parfois explicitement) n'ont pas les capacités techniques et les moyens humains suffisants pour pouvoir assumer la gestion simultanée de trois lots.

En conséquence, pour ces entreprises, il est proposé de limiter la possibilité d'attribution à deux lots géographique maximum, afin qu'elles répondent correctement aux exigences indiquées dans les pièces du marché
