Tenders or requests to participate must be submitted to the abovementioned address

I.6. Main activity

Water

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Parallel framework agreements for geological consultancy and engineering design

Reference number: 163/2017

II.1.2. Main CPV code

71351220 Geological consultancy services

II.1.3. Type of contract

Services

II.1.4. Short description

Vann- og avløpsetaten (VAV) needs to establish 3 parallel framework agreements which shall cover the VAV's requirements for geological consultancy and engineering design for VAV's projects and departments. The objective of the contract is to ensure VAV the necessary professional HR in connection with the implementation of inspections and construction projects. Implementation of tunnel projects will i.e. require major support. The estimated financial frame of the parallel agreements is up to 90 000 000.00 NOK over a 6 year contract period. The scope of assignments will vary from year to year. The stated value is an estimate without obligations for the contracting authority. VAV reserves the right to conduct a separate tender contest in connection with larger volume and complicated plants, and when the agency finds it suitable. VAV reserves the right to engage potential remaining capacity to current framework agreements. VAV has separate framework agreements which include environmental engineering surveys, as well as geotechnical engineering design and surveys.

II.1.5. Estimated total value

Value excluding VAT: 90 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

71351910 Geology services, 71351913 Geological exploration services, 71320000 Engineering design services

II.2.3. Place of performance

NUTS code: NO011 Oslo

II.2.4. Description of the procurement

Vann- og avløpsetaten (VAV) needs to establish 3 parallel framework agreements which shall cover the VAV's requirements for geological consultancy and engineering design for VAV's projects and departments. The objective of the contract is to ensure VAV the necessary professional HR in connection with the implementation of inspections and construction projects. Implementation of tunnel projects will i.e. require major support. The estimated financial frame of the parallel agreements is up to 90 000 000.00 NOK over a 6 year contract period. The scope of assignments will vary from year to year. The stated value is an estimate without obligations for the contracting authority. VAV reserves the right to conduct a separate tender contest in connection with larger volume and complicated plants, and when the agency finds it suitable. VAV reserves the right to engage potential remaining capacity to current framework agreements. VAV has separate framework agreements which include environmental engineering surveys, as well as geotechnical engineering design and surveys.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 90 000 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 72

This contract is subject to renewal: no

II.2.10.

Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no
