Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Applicants in violation of sections 135-136 and section 137 (subs.1-3) of the Danish Public Procurement Act (Act No. 1564 of 15 December 2015) will be excluded from participating in this procurement procedure, cf. part III of the ESPD.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

ESPD, part IV (B) ('General yearly turnover') — the applicant must disclose its general turnover for its latest, reported fiscal year. If the applicant is yet to report its first annual results, the applicant must disclose its turnover from the time of its set up to the time of the application, cf. ESPD, part IV (B) ('Set up of economic operator').

The statements of the ESPD serve as interim documentation for how the applicant fulfils the below-mentioned minimum requirements and as interim documentation regarding the grounds for exclusion.

Where the applicant relies on the economical or technical capacities of other entities (subcontractors, affiliates etc.), each of the said entities must submit a correctly filled-in and signed ESPD, cf. Exhibit 4 to the tender conditions, as documentation for the entity's suitability. Furthermore, the entities must submit a formal declaration of resource, cf. Exhibits 6 and/or 7 to the tender conditions.

If an applicant is a consortium, each participant in the consortium must submit a correctly filled-in and signed ESPD as documentation for the participant's suitability. Furthermore, the participants in the consortium must submit a consortium declaration, cf. Exhibit 5 to the tender conditions.

Minimum level(s) of standards possibly required:

It is a minimum requirement that the applicant's latest, reported yearly turnover is at least 100 000 000 DKK (13 400 000 EUR).

Where the applicant relies on the economical capacities of other entities, the turnover is calculated as the combined, latest and reported yearly turnover of all the participating entities. If an applicant is a consortium, the turnover is calculated as the combined, latest and reported yearly turnover of all consortium participants.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

ESPD, part IV (C) ('For works contracts: performance of works of the specified type ') — the applicant must describe similar projects (references) regarding wind turbines on land carried out within the last 5 years.

To the extent possible, the references should contain information on the customer, the applicant's role and the contract value. The applicant is allowed to submit the information in a separate document. In that case, the applicant must in ESPD, part IV (C) make a specific reference to the separate document, and each project description/reference must not exceed one (1) A4 sheet.

The statements of the ESPD serve as interim documentation for how the applicant fulfils the below-mentioned minimum requirements and as interim documentation regarding the grounds for exclusion.

Where the applicant relies on the economical or technical capacities of other entities (subcontractors, affiliates etc.), each of the said entities must submit a correctly filled-in and signed ESPD, cf. Exhibit 4 to the tender conditions, as documentation for the entity's suitability. Furthermore, the entities must submit a formal declaration of resource, cf. Exhibits 6 and/or 7 to the tender conditions.

If an applicant is a consortium, each participant in the consortium must submit a correctly filled-in and signed ESPD as documentation for the participant's suitability. Furthermore, the participants in the consortium must submit a consortium declaration, cf. Exhibit 5 to the tender conditions.

Minimum level(s) of standards possibly required:

The applicant must detail at least one (1) reference regarding similar projects (wind turbines on land).

III.1.6. Deposits and guarantees required

Reference is made to the tender documents.

III.1.7. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

Reference is made to the tender documents.

III.1.8. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

If an applicant is a group of businesses, a 'consortium', the consortium members must be jointly and severally liable for any offers and for the completion of the contract.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

Reference is made to the tender documents.
