I.2. Type of the contracting authority

Regional or local authority

I.3. Main activity

General public services

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title

Framework agreement for consultancy services in municipal engineering — Tønsberg municipality.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Tønsberg.

NUTS code NO033 Vestfold

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

The procurement involves the establishment of a framework agreement

II.1.4. Short description of the contract or purchase(s)

Tenderers are hereby invited to a competition for a framework agreement for various consultancy services. The assignments will mainly consist of engineering design services for water and sewage installations as well as foot/cycle paths, but there can also be other assignments.

The contract shall be valid for a period of minimum 2 years, with the right for a contract extension (option) for 1 + 1 year so that the maximum contract period can be 4 years.

The assignments that shall be carried out will mainly be preparing drawings, descriptions and tender documentation for the following types of projects:

- New installations for water and sewage. The work assignments are connected to the transport system, with the emphasis on pipeline installations with manholes.
- Water and sewage installations such as pump stations, overflow etc.
- Renovation of existing water and sewage installations with both normal excavating/new laying and 'no-dig-methods' such as bulging/drawing of new pipes, coating/hose, directional drilling etc.
- Foot/cycle paths and pavements as well as any other work with main roads that must be carried out in connection with the projects. There can be assignments with both development plans and detailed and construction plans.

Competence within the following disciplines can be required for some projects:

- Geotechnics;
- Simple construction engineering such as support walls, manholes and pump stations.

II.1.5. CPV code(s)

71300000 Engineering services
