**Section II: Object**

---

**II.1. Scope of the procurement****II.1.1. Title**

Project assignment, new health centre in Surnadal Municipality

Reference number: 22/01476

**II.1.2. Main CPV code**

71530000 Construction consultancy services

**II.1.3.**

## **Type of contract**

Services

### **II.1.4. Short description**

Surnadal Municipality has decided to plan a new health centre. The new health centre will cover future needs for health services.

Surnadal Municipality is thus looking for external consultant competence for planning the content of and the construction process for the new health centre. Firstly through the preliminary project phase, with an option for further phases until the health centre has been completed.

The preliminary project phase is expected to have up to a two-year duration. The duration of the tender includes all the options being taken up.

### **II.1.5. Estimated total value**

Value excluding VAT: 6 000 000,00 NOK

### **II.1.6. Information about lots**

This contract is divided into lots: no

## **II.2. Description**

### **II.2.2. Additional CPV code(s)**

71541000 Construction project management services, 71240000 Architectural, engineering and planning services, 71315210 Building services consultancy services, 71315000 Building services, 71321200 Heating-system design services, 71321000 Engineering design services for mechanical and electrical installations for buildings

### **II.2.3. Place of performance**

NUTS code: NO0A3 Møre og Romsdal

### **II.2.4. Description of the procurement**

The project must see to the health centre has a workplace, service provider, and building in a uniform and long term perspective.

The project includes the co-location of a nursing home, sheltered accommodation flats, home care services, and other associated health and welfare services, process management and organisation development, as well as clarification on the reuse of the existing buildings instead of new constructions.

A feasibility study has been carried out and a planning construction committee has been established for the project.

Surnadal Municipality is a sustainable municipality, and the construction of the health centre must be based on supereminent plans and strategies.

The process work must be based on the community part of the municipal plan, the housing policy plan, and the health and welfare plan that became valid from 2021.

It is important for us that the external project manager assists us with other tenders as well as public procurements, and thus, is part of obtaining the correct competence and a part until the building has been completed.

We are first looking for a project manager. Then we will hold a tender contest for the external expertise that we require to map needs and to find good future orientated solutions.

The preliminary project phase will result in a solution proposal that shows how the different functions and services can be organised and how the area can be designed. A plan must also be formulated for further progress and milestones in the project.

This is subject to the necessary financing being approved by the municipal council.  
The oral and written language must be Norwegian.

**II.2.5. Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

**II.2.6. Estimated value**

Value excluding VAT: 6 000 000,00 NOK

**II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Start: 01/03/2023 End: 01/09/2028

This contract is subject to renewal: no

**II.2.10. Information about variants**

Variants will be accepted: no

**II.2.11. Information about options**

Options: yes

Description of options:

There is an option for further phases in the project until the building has been completed (phases 4-8 in the phase norm).

The preliminary project phase is expected to have up to a two-year duration. The duration of the tender includes all the options being taken up.
