I.3. Main activity

Defence

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title**

Framework agreement R01229 Construction management for maintenance facilities with quay installations for new submarines.

II.1.2. Type of contract and place of performance or delivery

Services

NUTS code NO0A2 Vestland

II.1.3. Information about framework agreement

The procurement involves the establishment of a framework agreement

II.1.4. Short description of the contract or purchase(s)

The Norwegian Defence Estates Agency needs support for various assignments within construction management in the project portfolio EBA for new submarines.

The contract is for assignments belonging to EBA for new submarines at Haakonsværn, Bergen. The division into sub-projects is as follows:

- Quay, including rock hall
- Maintenance and administration building

- Fixtures (workshop material, stores, office/furniture, ICT)
- Other measures at Haakonsvern. The quay and maintenance facilities, including fixtures, must be completed by 4th quarter of 2028. The final completion date for 'other measures at Haakonsvern' is still to be clarified. The execution assignments can be adjusted, as the measures will be governed by subsidies from the annual resources. Tenderers must offer concrete named persons who will carry out the assignments under the framework agreement for some of the selected service categories as part of the framework agreement contest. In these categories the Norwegian Defence Estates Agency will prioritise hourly rates and the quality/competence of the offered personnel.

The framework agreement covers both construction management and ITB management. The construction management will cover all necessary trades, e.g.,

- Main construction management with coordination responsibility
- Site engineering, such as:
 - Piling
 - Blasting
 - Underwater work
 - Concrete structures
- Technical trades, such as:
 - HVAC and sanitation
 - Electrical
 - Automation
 - Electronic security
- ITB-responsibility
- Constructional engineering trades, such as
 - Concrete and prefab
 - Steel structures
 - Joinery work
 - Locks and fittings
- Ground work, foundations, and infrastructure
- HSE:

Competence will be required in the follow-up of both NS3420 and process code.
