Country: Norway

I.2. Main activity

Production, transport and distribution of gas and heat

I.3. Contract award on behalf of other contracting entities

The contracting entity is purchasing on behalf of other contracting entities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting entity

District heating, Førde.

II.1.2. Type of contract and place of performance or delivery

Works

Design and execution

Execution

Main site or place of performance: Førde, Norway.

NUTS code NO052 Sogn og Fjordane

II.1.3. Information about a framework agreement or a dynamic purchasing system

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

Førdefjorden Energi AS has a concession for the development and delivery of hot water from an energy centre, with the construction of the energy centre at Øyrane and the delivery of 'District Heating' to customers in the centre of Førde.

The energy centre will have a footprint of approx. 700 m² and it will be located in Øyrane and the north western side of the sewage treatment facility for Førde municipality.

In addition to the energy centre there will be intake and emission pipelines from and to Førde Fjord and approx. 3 100 m of pipeline ditches from the energy centre to the central hospital with 2 district heating pipes and 2 district cooling pipes as well as service pipes to customer centres.

The procurement comprises a total of 16 contracts:

Group 1. Pipeline network Øyrane-Hafstadparken-Central hospital with the following contracts:

LN1: Pipeline network. Ground work and district cooling pipe;

LN3: Pipeline network. Assembly district heating pipe;

LN5: Pipeline network. Directional drilling river crossing (turnkey contract);

LN6: Pipeline network. Intake and emission pipelines.

Group 2. Customer installations with 1 contract:

KA1: Customer installations. Delivery and assembly.

Group 3. Energy centre Øyrane (Site, building and installations) with the following contracts:

ES1: Energy centre. Building including outside work;

ES2: Energy centre. Technical plumbing work and equipment, etc.;

ES3: Energy centre. Technical gas installations;

ES4: Energy centre. Cooling and heat pump installations;

ES5: Energy centre. Automation;

ES6: Energy centre. Electricity;

ES7: Energy centre. Ventilation;

ES8: Energy centre. Gas boiler and burners. Can be transported to ES2;

ES9: Energy centre. Heat exchangers. Can be transported to ES2;

ES10: Energy centre. Circulation pumps. Can be transported to ES2;

ES11: Energy centre. Valves. Can be transported to ES2.

II.1.6. CPV code(s)

09323000 District heating, 09324000 Long-distance heating, 44163120 Distance-heating pipes , 45232140 District-heating mains construction work, 45251250 District-heating plant construction work, 45232141 Heating works, 45232150 Works related to water-distribution pipelines

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Information about lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

A total of 16 contracts divided between the following 3 main groups:

Group 1. Pipeline network Øyrane-Hafstadparken-Central hospital with the following contracts:

LN1: Pipeline network. Ground work and district cooling pipe;

LN3: Pipeline network. Assembly district heating pipe;

LN5: Pipeline network. Directional drilling river crossing (turnkey contract);

LN6: Pipeline network. Intake and emission pipelines.

Group 2. Customer installations with 1 contract:

KA1: Customer installations. Delivery and assembly.

Group 3. Energy centre Øyrane (Site, building and installations) with the following contracts:

ES1: Energy centre. Building including outside work;

ES2: Energy centre. Technical plumbing work and equipment, etc.;

ES3: Energy centre. Technical gas installations;

ES4: Energy centre. Cooling and heat pump installations;

ES5: Energy centre. Automation;

ES6: Energy centre. Electricity;

ES7: Energy centre. Ventilation;

ES8: Energy centre. Gas boiler and burners. Can be transported to ES2;

ES9: Energy centre. Heat exchangers. Can be transported to ES2;

ES10: Energy centre. Circulation pumps. Can be transported to ES2;

ES11: Energy centre. Valves. Can be transported to ES2.

II.2.2. Information about options

Options: yes

Description of options: Contract LN1 and LN3 (option):

The pipeline network extent (ditch work and pipeline installations) can be extended if a contract is signed for the delivery of district heating to more customers than those included in the tender documentation. The estimated extent of the options can make up approx. 25 % of the contract value for contracts LN1 and LN3.

Contract KA1 (option):

Option to expand the contract if a contract is signed for the delivery of district heating to more customers than those included in the tender documentation.. The contract can then be expanded with delivery to more customer installations.

Contract ES8 energy centre. Gas boiler and burners:

Option 1: Delivery of a boiler, burner and flue gas system for construction stage 2. Size of boiler 4 MW.

Option 2: Delivery of 3 x 6 MW gas boiler instead of 1 x 2 MW plus 3 x 4 MW. 1 boiler shall be delivered in construction stage 2.

Note: If chosen, this option will replace the equipment in the main delivery.

Option 3: Delivery of complete installations for bio-oil with boiler sizes: 1 x 2 MW + 3 x 4 MW. This includes a buried tank for bio-oil, heat circulation system for bio-oil in the tank, boiler for bio-oil, burner with oil feed system for bio-oil and complete chimney and flue gas system for

the boilers.

Note: If chosen, this option will replace the equipment in the main delivery.

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Start 9.5.2016 Completion 30.9.2017

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

See the tender documentation/pre-qualification documentation.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

See the tender documentation/pre-qualification documentation.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

See the tender documentation/pre-qualification documentation.

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: See the tender documentation/pre-qualification documentation.

III.2.2. Economic and financial ability

List and brief description of conditions: See the tender documentation/pre-qualification documentation.

III.2.3. Technical and professional ability

List and brief description of conditions: See the tender documentation/pre-qualification documentation.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Restricted

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of the criteria stated in the specifications or in the invitation to tender or to negotiate

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting entity

15/42

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents

(except for a DPS)

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

4.2.2016 - 12:00

IV.3.5. Languages in which tenders or requests to participate may be submitted

Other: Norwegian.

IV.3.6. Minimum time frame during which the tenderer must maintain the tender

IV.3.7. Conditions for opening of tenders

Section VI: Complementary information
