### **II.2.4. Description of the procurement**

Portsmouth Water is undertaking a major programme of works to construct a reservoir, water distribution services and accompanying social and environmental benefit facilities. This is a 10-year programme, which is in flight in the exploratory/preparation phase.

They are now seeking a potential provider to deliver programme/project management services including; programme direction and co-ordination; programme management office services, procurement and; project management to manage workstreams and some projects within the programme.

A range of Portsmouth Water internal and other external agencies will form part of the wider programme team and co-ordination of the activities of these elements/agencies is part of the scope of the contract.

The client intends, over time, to develop in-house capability to contribute to the delivery of this programme. Therefore, contract terms will include the facility for the client to replace contracted resources with in-house resources.

The contract will be for an initial of 9,5 years with an option to extend for a further 1 +1 totalling 11,5 years.

The estimated value is between 4 000 000 GBP to 7 200 000 GBP including all options to extend. However, it is to be noted that this could reduce over the term of the contract due to expectation to develop in-house capability.
