Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Equity: the candidate must submit the candidate's annual equity for the most recent financial years, i.e the most recent financial year for which there is audited review or report. For groups of applicants (e.g. a consortium), the information must be submitted for each participating applicant in the group.

Turnover: The candidate must submit the candidate's annual turnover for the most recent financial years, i.e the most recent financial year for which there is audited review or report. For groups of applicants (e.g. a consortium), the information must be submitted for each participating applicant in the group.

Minimum level(s) of standards possibly required:

Equity: as a minimum requirement, an equity is required of at least 3 000 000 DKK in the most recent financial year available. If the applicant relies on the capacity of other entities, the equity is calculated as the total equity of the applicant and such other entities for the most recent financial year, i.e the most recent financial year for which there is audited review or report. For groups of applicants (e.g.a consortium), the equity is calculated as the total equity of the participants for the most recent financial year available.

Turnover in the most recent financial year: as a minimum requirement, a total annual turnover of at least 10 000 000 DKK in the most recent financial year available is required. If the applicant relies on the capacity of other entities, the turnover is calculated as the total turnover of the applicant and such other entities for the most recent financial year, i.e the most recent financial year for which there is audited review or report. For groups of applicants (e.g. a consortium), the equity is calculated as the total equity of the members of the group for the most recent financial year available.

The applicant has to state the above demanded information in the ESPD (European Single Procurement Document), Part IV, Section B.

Documentation: Upon request, the applicant must provide an audited review or report of the most recent financial year. The tenderer is only to submit the documentation if DMI cannot access said documentation through publicly available channels, e.g. cvr.dk.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

A list of references of 'similar deliveries', see definition below III.1.3) (minimum level) fulfilled (i.e. on-going or executed) by the applicant in the past 5 years prior to the deadline for submission. The contracting authority would prefer that the list include a short description of the project and the role undertaken by the applicant in connection with its performance, with the sum, number of precipitation gauges delivered, dates and recipients involved.

For groups of applicants (e.g. a consortium), the information must be submitted for each participating applicant in the group.

Minimum level(s) of standards possibly required:

As a minimum requirement, the applicant has at least 3 references of 'similar deliveries'. In the context of this tender, 'similar deliveries' shall mean deliveries containing

(a) precipitation gauges applied for professional meteorological use;

(b) precipitation gauges which are attached to data loggers for data storage and communication;

(c) precipitation gauges to be used in climate conditions similar to Denmark, Greenland and/or the Arctic/the Antarctic regions;

(d) support of precipitation gauges.

The applicant has to state the above demanded information in the ESPD (European Single Procurement Document), Part IV, Section C.

Documentation: DMI does not intend on asking the applicants to provide further documentation for the information provided in the ESPD regarding technical and professional ability. However, DMI reserves the right to contact the applicant and/or the recipients of the deliveries in order to verify the information stated in application.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

The contract has to the relevant extent incorporated the corporate social responsibility considerations as laid down in the conventions on the basis of which the principles of the UN Global Compact are worded and as laid down in the OECD guidelines for multinational enterprises. The contract furthermore lays down requirements pursuant to ILO Convention No 94 on labour clauses in public contracts and circular No 9471 of 30.6.2014.

VI.3. Additional information

Participation in the tendering procedure may only take place by electronic means via the electronic tendering system used by the contracting entity, see the address set out in Section I. 3). The tendering procedure may be accessed under the tab 'Ongoing public procedures'. For access to the procurement documents, the tenderer must be registered or register as a user. If the tender contains several versions of the same document, the latest uploaded version will apply.

All communication in connection with the tender procedure, including questions and answers, must be by way of the electronic tendering system. Questions must be submitted not later than 3.2.2020. Questions asked after this date will be answered if they are received in time for the contracting entity to provide the information required and communicate the answers not later than 6 days before expiry of the application deadline. Questions received later than 6 days before expiry of the deadline cannot expect to be answered.

Interested applicants are requested to keep updated via the electronic tendering system. If the applicant encounters problems with the system, please contact support by e-mail, dksupport@eu-supply.com, or tel. (+45) 70 20 80 14.

The applicant must as its application submit an ESPD as preliminary documentation of the circumstances set out in Section 148(1) paras (1)-(3) of the Danish Public Procurement Act (udbudsløven). For groups of applicants (e.g. a consortium), a separate ESPD must be submitted for each participating applicant. If the applicant relies on the capacity of other entities to fulfil the minimum requirements, an ESPD must be submitted for each of the entities on which the applicant relies.

The applicant must also submit a letter of commitment from the entity/entities on which the applicant relies to fulfil the minimum requirements. The form is enclosed as an attachment to this contract notice.

Before the decision to award the contract is made, the applicant to whom the contracting entity intends to award the contract must provide documentation of the information submitted in the ESPD pursuant to sections 151-152, cf. Section 153 of the Danish Public Procurement Act. As regards Section II.2.6), it should be noted that the amount is an estimate of the expected contract price for the entire duration of the contract, including the price of all options. The estimate is based on the suppliers price — Appendix 2 of the framework agreement using the potential quantity of precipitation gauges and an estimated price per unit.
