The procurement is covered by the Government Procurement Agreement: no

II.1.8. Information about lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

Network Rail has a requirement for the provision and management of a road vehicle telematics system. The solution will be to appoint 1 supplier to deliver the services under the contract. The requirement is to initially fit all Network Rail's vehicles within the fleet and this may include cars, vans and HGVs. At present the fleet is circa. 8 000 vehicles but these numbers may increase / decrease throughout the term of the contract. During the term of the agreement specific vehicles will be replaced within the fleet and the replacement vehicle will need to be fitted with the telematics system.

Bidders will also be asked to provide a solution for circa. 2 500 short term hire vehicles although this number may vary depending on the actual demand for short term hire vehicles. The short term hire vehicle will be an option in the contract that may invoked by Network Rail during the term of the agreement.

Some of the vehicles within the fleet are fitted with an existing telematics solution and the selected supplier may be required to remove this system before replacing it with the selected solution.

The selected supplier will be required to provide a secure web-based system for notifications, reporting and real-time data management that can be accessed remotely by Network Rail authorised users (via mobile, tablet or computer) 24 hours a day, 7 days a week.

Training will be provided by the selected supplier for both the physical unit located within the vehicle and on the web-based system. The Supplier will also be required to provide 'train the trainer' training.

The Supplier shall provide on-site technical support to rectify any faults with the system and to provide an on-call facility to provide assistance to users.

Estimated value excluding VAT

Range: between 7 000 000 and 11 000 000 GBP

II.2.2. Information about options

Options: yes

Description of options: The contract shall include an option to extend this contract by 2, annual extensions up to a maximum duration of 5 years.

no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body**VI.4.2. Review procedure**

Precise information on deadline(s) for review procedures: Network Rail will incorporate a standstill period at the point information on the award of the contract is communicated to tenderers. That notification will provide full information on the award decision. The standstill period, which will be for a minimum of 10 calendar days, provides time for unsuccessful tenderers to challenge the award decision before the contract is entered into.

The Utilities Contracts Regulations 2006 (SI 2006 No 6) provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland).

VI.4.3. Service from which information about the review procedure may be obtained**VI.5. Date of dispatch of this notice**

22.1.2016
