II.1.4. Short description

Nordic Innovation invite economic operators to develop a concept for a common Nordic Scaling Pilot (i.e. Nordic test-lab for scaling) to stimulate high-growth entrepreneurship in the Nordic region and to test the concept during a two-year Pilot period. The overall goal of the Pilot is to create a more unified Nordic community around the Nordic scale-ups and more mature SMEs with high-growth ambitions as a means to stimulate the economic growth in the Nordic countries. The executors must have real 'hands-on' experience on working with high-growth companies. The executors will be selected through this public procurement on the basis of their track record, competences, networks and suggestion for a Nordic scaling model.

II.1.5. Estimated total value

Value excluding VAT: 14 000 000,00 NOK

II.2.4. Description of the procurement

Nordic Innovation thus wants to procure a scaling model and its implementation during a two-year Pilot period. While the Pilot period can be at maximum two years, the actual contract period can be at maximum 30 months. The target group of the Pilot shall be the most promising, exciting and ambitious Nordic companies in actual growth/scale-up phase, with a clear growth strategy, a competent management team and a desire to obtain substantial growth funding. Thus, start-ups or micro-sized companies are typically outside the scope of the Pilot.

II.2.5. Award criteria

III.1. Conditions for participation

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Qualification requirements:

The tenderer shall have sufficient financial strength to comply with the contractual obligations.

Documentation:

The tenderer's annual accounts including notes with the board's and the auditor's reports from the last 2 years.

If the annual accounts for the last year are not completed before the tender deadline for this contest expires, the last year's preliminary annual accounts shall also be enclosed.

The Contracting Authority reserves the right to carry out a credit assessment. Financial strength is evaluated in relation to turnover, operating profit margin, solidity and liquidity.

The tenderer may choose to rely on other companies' capacity to fulfil the requirement for the tenderer's economic and financial position.

If so, tenderers must enclose equivalent documentation on the financial position of the companies that the tenderer will rely on. The tenderer must, in such an event, document the resources of the companies on which he will rely and prove that he will have the requisite resources from these companies at his disposal during the contract period, for example by presenting a commitment statement, guarantee, co-operation agreement or similar. In addition equivalent documentation on the financial position of the companies that will be used must be enclosed. This applies regardless of the legal nature of the connection between the companies, i.e. that the supporting companies can either be the tenderer's parent company, another company in the same group, a collaborating partner etc.
