Section VI: Complementary information

VI.1. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.2. Additional information

The contracting authority is purchasing on behalf of other contracting authorities.

All enquiries relating to this facility must be made through the Trust's advisor Sector Treasury Services Ltd. The outcome of this procurement process will be used in conjunction with the

outcome of a procurement exercise for the supply / build of Ambulance Service Vehicles to establish a single Ambulance Vehicle Supply Framework Agreement.

VI.3. Procedures for review

VI.3.1. Review body

VI.3.2. Review procedure

Precise information on deadline(s) for review procedures: The Trust incorporated a minimum 10 calendar day standstill period at the point information on the award of the contract was awarded to tenderers. This allowed successful tenderers to seek further debriefing from the Trust before the contract was entered into. Applicants had two working days from notification of the award decision to request additional debriefing and that information was to be requested from the address in Section I.1. If an appeal regarding the award of a contract had not been successfully resolved the Public Contracts Regulations 2006 (SI 2006 No 5) provided for aggrieved parties who had been harmed or were at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action had to be brought promptly (generally three months). Where a contract had not been entered into the court could order the setting aside of the award decision or ordered the Trust to amend any documentation and award damages. If the contract had been entered into the court could only award damages.

VI.3.3. Service from which information about the review procedure may be obtained

VI.4. Date of dispatch of this notice

23.1.2012
