II.1.4. Short description

Larvik municipality invites tenderers to a negotiated procedure for the procurement of new patient signaling systems/alarm systems and sensor technology for the nursing homes in the municipality.

There are currently old patient signaling systems/alarm systems in all the nursing homes. Some of the installations are cabled and some are wireless, some use old telephone switchboards and others use safety alarms.

A new system shall be procured for all the nursing homes, based on BUS technology.

This competition does not include drawing or installation of electrical installations/cables. The procurement is the choice of supplier/system, sensor technology and sensors and displays. The system shall facilitate a display in a room panel and a corridor display for showing the type of room or which bed/WC/bathroom the call is coming from. The system shall be self-monitored and the monitoring shall be ensured up to the call panel.
