Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Procurement of a framework agreement for a room management system with an electronic sign at Vestfold Hospital.

Reference number: 17/00261

II.1.2. Main CPV code

48000000 Software package and information systems

II.1.3. Type of contract

Supplies

II.1.4. Short description

The Department for Child and adolescent psychology (BUPA) at Vestfold Hospital, is co-locating large section of the organisation in a newly erected building in Anton Jenssens gate 2 in Tønsberg, with a move in date of January 2017. In preparation for the co-location, BUPA has investigated the opportunity for areas of improvement and improved work flow in the new building, and has identified areas where the ICT solution can assist in better area and room utilisation, more effective work processes and in optimisation of health benefits for the patients. The objective of the procurement is to achieve improved area and room utilisation and increased efficiency in affected work processes. The procurement is expected to be positive for BUPA and the effects and experiences of using the solutions at BUPA will form the basis for any further call-offs for other departments at Vestfold Hospital. Specific effect oriented goals are:

Reduced use of time in booking meeting/treatment rooms.

Higher frequency of use of meeting/treatment rooms.

Improved area utilisation.

II.1.5. Estimated total value

Value excluding VAT: 30 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

NUTS code: NO033 Vestfold

II.2.4. Description of the procurement

The Department for Child and adolescent psychology (BUPA) at Vestfold Hospital, is co-locating large section of the organisation in a newly erected building in Anton Jenssens gate 2 in Tønsberg, with a move in date of January 2017. In preparation for the co-location, BUPA has investigated the opportunity for areas of improvement and improved work flow in the new building, and has identified areas where the ICT solution can assist in better area and room utilisation, more effective work processes and in optimisation of health benefits for the patients. The objective of the procurement is to achieve improved area and room utilisation and increased efficiency in affected work processes. The procurement is expected to be positive for BUPA and the effects and experiences of using the solutions at BUPA will form the basis for any further call-offs for other departments at Vestfold Hospital. Specific effect oriented goals are:

Reduced use of time in booking meeting/treatment rooms.

Higher frequency of use of meeting/treatment rooms.

Improved area utilisation.

Following are the identified quality requirements:

Meeting rooms must be able to be used as treatments rooms and vice versa.

It should be possible to reserve rooms from a mobile phone, PC or a sign.

The solution should provide an overview of who is at work and where they are.

It should be easy to locate the individual meeting rooms.

The solution should be able to show the name and optional information (position, function etc.) of the person using the room at a booked time. A standard set up shall be offered and it must be possible to update the information automatically.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents
