Internet address(es):

Main address: www.nrc.no

I.4. Type of the contracting authority

Regional or local authority

I.5. Main activity

Social protection

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Global Framework Agreement for the Supply of Communication Equipment.

II.1.2. Main CPV code

32000000 Radio, television, communication, telecommunication and related equipment

II.1.3. Type of contract

Supplies

II.1.4. Short description

NRC work environment requires effective communication equipment solutions. The bidder must be able to understand the essence of our activities. NRC is looking for a partnership with the supplier through the new contract. Our aim is to enable countries to purchase directly from the supplier within the framework agreement. In addition, the contract will frame the purchasing processes, the service level of agreement, logistical support and prices. NRC requires bidders to prove the ability in delivering an optimum support to the mentioned areas. Please note, that through a framework agreement, NRC is not committing to purchase exclusively against the agreement. If in individual deployments, the use of local suppliers makes more sense for whatever reason (including lead-time, cost and duties), NRC may choose to purchase outside the framework agreement (e.g. through a local supplier). The contract duration shall be for 2 years with the possibility of an additional one-year extension.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: 00 Other or Not Specified

II.2.4. Description of the procurement

1. The Bidder will find below six main categories of required communication equipment/supply:

I. Codan HF — radio.

II. Motorola — VHF radio.

III. Sattelite phones.

IV. BGAN equipment.

V. GPS equipment.

VI. Data prices.

2. The Bidder must provide the list of goods, prices, specification and warranty information. For each category listed above, bidders will find two ranges: Moderate and Heavy-Duty. NRC encourages bidders to fill in each product table that bidders are able to supply in line with ranges (Add lines in each table if needed to cover all items). Please enter 'Not Applicable' if a product range for a specific category does not exist or is not available. NRC will later decide the items to include in the catalogue or to leave out.

3. For each Communication Equipment the supplier must include the price list of related spare parts and accessories.

4. Please note that NRC will not accept any quota on quantities that will affect prices.

5. Bulk Purchasing: If discounts are offered, the bidder must describe the discount system.

6. Please note that the specification must include the weight of the product including packaging, in order to calculate later the shipping cost.

7. Radio equipment must support analogue and digital connection.

II.2.5.

Award criteria

Criteria below

Price

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 24
