I.2. Main activity

Electricity

I.3. Contract award on behalf of other contracting entities

The contracting entity is purchasing on behalf of other contracting entities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting entity

Smelror Transformer station — main contract construction.

II.1.2. Type of contract and place of performance or delivery

Works

Execution

Main site or place of performance: Smelror, Norway.

NUTS code NO073 Finnmark

II.1.3. Information about a framework agreement or a dynamic purchasing system

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

Varanger Kraftnett has been granted a licence for the construction and operation of the New Smelror transformer station. Ref. resolution: NVE 201305584-11

A building with a footprint of approx. 460 m² is planned to be constructed. The building has 1 floor, with sunken culverts for cables. Sloping roof construction with varying inside ceiling heights from 3.5 m to 6.9 m.

The roof is to have 2 levels, 1 over the side building and 1 over the transformer cells. Light roof elements are planned to be laid on top of concrete walls and steel constructions. The side building is to have outer walls of insulated stud-work on a concrete parapet. The internal transformer cells and fire dividing walls are to be constructed out of reinforced concrete.

II.1.6. CPV code(s)

45000000 Construction work

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes
