The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

The contracting authority is Etne, Karmøy, Sauda, Sveio and Vindafjord municipalities.

The following needs are estimated:

- The need for stationary safety alarms is estimated to approx. 740 alarms in the first year. Different sensors can be required; sensors for movement (estimated average volume per month: 40), sensitive mats (estimated average volume per month: 70), fall alarms (estimated average volume per month: 75), bed alarms (dampness) (estimated average volume per month: 35), cooker guards (estimated average volume per month: 125), door alarms (estimated average volume per month: 80), smoke detectors (estimated average volume per month: 200), epilepsy (estimated average volume per month: 20), water (leaks/flooding) (estimated average volume per month: 10), gas alarms (estimated average volume per month: 5). Other types of sensors can also be required, see the requirement specifications.
- Need for stationary safety alarms in subsequent years: 70-100 new alarms per annum.
- The need for mobile safety alarms in the first year is estimated to 40 alarms.
- Need for mobile safety alarms in subsequent years: Approx. 25 new alarms per annum.
- Number of alarm calls in 2014: 44 000.

The estimated value is not binding for the contracting authority. The contracting authority will not bind itself to make call-offs for a specific volume.

The contract period is two years starting within one month of the contract being signed.

Estimated value excluding VAT:

Range: between 7 500 000 and 11 000 000 NOK

II.2.2. Information about options

Options: yes

Description of options: The contract period is 2 years starting within 1 month of the contract being signed. The contracting authority has the option to extend the contract for a further 1 year + 1 year on the same terms.

II.2.3. Information about renewals

This contract is subject to renewal: yes

Number of possible renewals: 2

In the case of renewable supplies or service contracts, estimated timeframe for subsequent contracts:

in months: 24 (from the award of the contract)

II.3. Duration of the contract or time limit for completion

Duration in months: 024 (from the award of the contract)

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1.

Deposits and guarantees required

See the tender documentation.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

See the tender documentation.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded
