**Internet address(es):**

General address of the contracting entity: [www.sse.com](http://www.sse.com)

**Additional information can be obtained from:**

the abovementioned address

**Specifications and additional documents (including documents for a dynamic purchasing system) can be obtained from:** the abovementioned address

**Tenders or requests to participate must be submitted:** the abovementioned address

**I.2. Main activity**

Electricity

**I.3. Contract award on behalf of other contracting entities**

**Section II: Object of the contract**

---

**II.1. Description**

**II.1.1. Title attributed to the contract by the contracting entity**

Transmission substation delivery framework.

**II.1.2. Type of contract and place of performance or delivery**

Works

Realisation, by whatever means of work, corresponding to the requirements specified by the contracting entities

NUTS code UKM6 Highlands and Islands

**II.1.3. Information about a framework agreement or a dynamic purchasing system**

The procurement involves the establishment of a framework agreement

**II.1.4. Information about framework agreement**

Framework agreement with several operators

Maximum number Envisaged maximum number of participants to the framework agreement  
: 3

## **Duration of the framework agreement**

Duration in months: 60

### **II.1.5. Short description of the contract or purchase(s)**

The Contracting Entity, Scottish Hydro Electric Transmission Limited (SHETL) is engaged in the reinforcement and development of its electricity transmission network for the purposes of supporting the expansion of renewable energy generation in the North of Scotland. The existing reinforcement and development programme has an anticipated duration of 8 to 10 years.

Part of this programme of works includes the design and construction of new transmission voltage Substations across SHETL licensed areas. It is SHETL intention to enter into framework contracts with relevant economic operators to provide the works. The nature of these works includes but is not limited to the design, supply, installation, construction and commissioning of air insulated and or gas insulated substations across transmission voltages to support the operation of SHETL licensed transmission network.

### **II.1.6. CPV code(s)**

45232220 Substation construction work, 31200000 Electricity distribution and control apparatus , 31682540 Substation equipment

### **II.1.7. Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: no

### **II.1.8. Information about lots**

This contract is divided into lots: yes  
Tenders may be submitted for all lots

### **II.1.9. Information about variants**

Variants will be accepted: no

## **II.2. Scope of the procurement**

### **II.2.1. Total quantity or scope**

SHETL intends to place framework contract(s) with an anticipated duration of 5 years with the option for SHETL to extend the agreement(s) incrementally for up to a further 4 years.

It is envisaged that the proposed conditions of contract(s) shall be based upon the New Engineering and Construction Contract 3rd Edition.

It is SHETLs intention to split the initial programme of works into 3 lots. The scope of the works for each lot is anticipated to be,

Lot 1: 1No. 400KV GIS substation, 3No. 400KV AIS substation.

Lot 2: 3No. 275KV AIS substations.

Lot 3: 3No. 275KV AIS substations, 2No. GIS and 1No. AIS substations (voltages to be confirmed).

SHETL reserves the right to add or remove scope from the lots.

The economic operators who are appointed to the framework contract(s) shall be responsible for the design, supply, installation, construction and commissioning of the works and shall work with the SHETL to deliver the works in a safe and efficient manner. All relevant European technical standards will apply to the specifications for the works to be delivered by the Framework contract(s).

The anticipated timescales for the procurement process are as follows:

Expiry of call for competition notice; 22.2.2012.

Start of pre-qualification process; 28.2.2012.

Pre-qualification process end; 23.3.2012.

Issue ITT; 9.4.2012.

Award framework contract(s); June 2012.

SHETL is inviting experienced economic operators to respond to this call for competition notice indicating their willingness to take part in a pre-qualification process for Invitation to tender.

## **II.2.2. Information about options**

Options: no

## **II.2.3. Information about renewals**

## **II.3. Duration of the contract or time limit for completion**

Duration in months: 60 (from the award of the contract)

Information about lots

Lot No: 1

### **1) Short description**

Design, supply, installation, construction and commissioning of various transmission voltage substations within SHETL's licensed transmission area.

### **2) CPV code(s)**

45232220 Substation construction work, 31200000 Electricity distribution and control apparatus

### **3) Quantity or scope**

Lot 1: 1No. 400KV GIS substation, 3No. 400KV AIS substation.

### **5) Additional information about lots**

The scope of work within this lot may be increased or modified by SHETL.

Lot No: 2

### **1) Short description**

Design, supply, installation, construction and commissioning of various transmission voltage substations within SHETL's licensed transmission area.

### **2) CPV code(s)**

45232220 Substation construction work

### **3) Quantity or scope**

Lot 2: 3No. 275KV AIS substations.

### **5) Additional information about lots**

The scope of work within this lot may be increased or modified by SHETL.

Lot No: 3

### **1) Short description**

Design, supply, installation, construction and commissioning of various transmission voltage substations within SHETL's licensed transmission area.

### **2) CPV code(s)**

45232220 Substation construction work

### **3) Quantity or scope**

Lot 3: 3No. 275KV AIS substations, 2No. GIS and 1No. AIS substations (Voltages to be confirmed).

## **5) Additional information about lots**

The scope of work within this lot may be increased or modified by SHETL.

### **Section III: Legal, economic, financial and technical information**

---

#### **III.1. Conditions related to the contract**

##### **III.1.1. Deposits and guarantees required**

To be Advised to economic operators who successfully complete proposed pre-qualification.

##### **III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them**

To be Advised to economic operators who successfully complete proposed pre-qualification.

##### **III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded**

Individual Companies, joint ventures, partnerships or other incorporated or unincorporated entities approved by SHETL as applicable.

##### **III.1.4. Contract performance conditions**

The performance of the contract is subject to particular conditions: no

#### **III.2. Conditions for participation**

##### **III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

##### **III.2.2. Economic and financial ability**

##### **III.2.3. Technical and professional ability**

##### **III.2.4. Information about reserved contracts**

#### **III.3. Conditions specific to services contracts**

##### **III.3.1. Information about a particular profession**

Execution of the service is reserved to a particular profession: no

##### **III.3.2. Information about staff responsible for the performance of the contract**

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

### **Section IV: Procedure**

---

#### **IV.1. Type of procedure**

##### **IV.1.1. Type of procedure**

Negotiated

Some candidates have already been selected (if appropriate under certain types of negotiated procedures): no

#### **IV.2. Award criteria**

##### **IV.2.1. Award criteria**

The most economically advantageous tender in terms of the criteria stated in the specifications or in the invitation to tender or to negotiate

**IV.2.2. Information about electronic auction**

An electronic auction will be used: no

**IV.3. Administrative information**

**IV.3.1. File reference number attributed by the contracting entity**

1033

**IV.3.2. Previous publication concerning this procedure**

no

**IV.3.3. Conditions for obtaining specifications and additional documents**

(except for a DPS)

Payable documents: no

**IV.3.4. Time limit for receipt of tenders or requests to participate**

22.2.2012 - 12:00

**IV.3.5. Languages in which tenders or requests to participate may be submitted**

English.

**IV.3.6. Minimum time frame during which the tenderer must maintain the tender**

**IV.3.7. Conditions for opening of tenders**

**Section VI: Complementary information**

---

**VI.1. Information about recurrence**

This is a recurrent procurement: no

**VI.2. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:

no

**VI.3. Additional information**

**VI.4. Procedures for review**

**VI.4.1. Review body**

**VI.4.2. Review procedure**

**VI.4.3. Service from which information about the review procedure may be obtained**

**VI.5. Date of dispatch of this notice**

7.2.2012
