Purchase

Main site or place of performance: Skedsмо, Norway.

NUTS code NO Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

II.1.4. Short description of the contract or purchase(s)

ROAF needs to purchase 1 factory new wheel loader the ready for operation.

The wheel loader shall be delivered to ROAF Miljøpark in Skedsмо kommune, and in

accordance with

the performance specifications in annex 1: 'Requirement Specification'. Included in the procurement

is 5 years full service agreement.

The tenderers must take the Contracting Authority's wheel loader type and

model — Volvo L 110F 2008 model, 18.3 tons — part exchange. Hours of operations status is currently

approx. 8 500 hours. This is the number of hours now and it will be somewhat higher by the delivery as

the machine is in daily operation. The machine has full Volvo's Gold Service up to 6 000 hours and

thereafter a standard service agreement. The Contracting Authority is responsible for ensuring that

the part exchange machine is delivered in technically and operationally satisfactory condition when the new

machine is delivered, and has followed the terms of service. The tenderer will be obligated to take the Contracting Authority's current wheel loader in part exchange (balance) in order to have

their tender offer assessed.

The tenderer must have the necessary capacity to be able to offer

the delivery by the stated deadline. Romerike Avfallsforedling IKS, hereafter called

the Contracting Authority, invites tenderers to an open tender contest for the delivery of 1 factory new 20 — 22 tonne wheel loader.

The Contracting Authority will have completed the best possible realistic test drive of the offered machine. In order for the tenderer to have their tender offer evaluated, the Contracting Authority requires that the tenderer offers a completely identical machine to that supplied for test driving under realistic conditions.
