Strategic Context:

The NHS Leeds CCG Partnership have a statutory obligation as set out in Securing Excellence in GP IT Services: 2016-2018 Operating Model [NHS England] to provide GP IT Services to all the GP Practices in Leeds. In addition the GP IT team have recently taken on responsibility for CCG IT including involvement in City Wide IT projects such as Skype for Care Homes with a view to delivery of the Leeds Digital Roadmap.

Leeds has an ambition to be the Best City in the UK by 2030. As part of this, Leeds aspires to be the best city to grow up in, the best city to grow old in, the best city for health and wellbeing and has the overall ambition to improve the health of the poorest fastest. Leeds is making strong progress towards becoming a “smart” city including the ability to share and exchange information across the whole city system. Informatics and the digital technology it oversees is seen as central to delivery of this ambition. Leeds is the agreed footprint for the Local Digital Roadmap covering the three Leeds NHS Clinical Commissioning Groups and the local health and care providers, including all GP Practices.

A key priority for informatics is to ensure a robust IT infrastructure provision that supports responsive and resilient 24/7 working across all health and care partners.
