Norwegian Broadcasting Corporation (hereinafter referred to NRK) invites you to participate in an open tender for a framework agreement of broadband connections for administrative and technical production use.

This comprehensive agreement encompasses several different types of broadband connections, but also could be used for the purchase of new technical tools that can naturally belong to this type of services

The aim is to assign a minimum of 3 parallel framework agreements, which includes support, services and consulting within the categories covered by the agreement. The yearly value of the contract varies from 5 to 10 million / per year, thus the need for broadband connections does not occur evenly over the contract period, but often concentrated in batches. More than half made up of roughly 700 service subscription to private homes. NRK cannot estimate, nor commit a certain volume for either of the individual award categories, nor for the overall scope, as the need will vary greatly depending on technological developments, exchange rate and upgrade / supplementary needs during the contract period.

The Awarding Authority uses Mancell Sourcing Service in this tender procedure.
