---

**Section II: Object**

**II.1. Scope of the procurement**

**II.1.1. Title**

Framework agreement excavation services.

Reference number: AK-001437

**II.1.2. Main CPV code**

45112100 Trench-digging work

**II.1.3. Type of contract**

Works

**II.1.4. Short description**

Lyse is a Norwegian industrial group within energy and telecommunication, with the accompanying infrastructure. Lyse is owned by 16 municipalities in Sør-Rogaland. The entity covers the production and sale of energy and telecom products, as well as the development and operation of infrastructure. The group has its main activities and its main market in Sør-Rogaland, but it also provides services in a national market, in which Lyse provides broad band services to cooperation partners. For further information check: <http://www.lysekonsern.no/>

Lyse Elnett AS shall now hold a competition for framework agreements for excavation services.

#### **II.1.5. Estimated total value**

#### **II.1.6. Information about lots**

This contract is divided into lots: no

### **II.2. Description**

#### **II.2.2. Additional CPV code(s)**

45112100 Trench-digging work, 45231000 Construction work for pipelines, communication and power lines

#### **II.2.3. Place of performance**

NUTS code: NO043 Rogaland

NUTS code: NO Norge

Main site or place of performance: Only Lyse's supply area in Rogaland.

#### **II.2.4. Description of the procurement**

The framework agreements apply for the excavation of ditches and the laying of cables and pipelines for the companies in the Lyse group, for the development, maintenance and troubleshooting of infrastructure. The assignments will be in the Lyse companies' supply area in Nord-Jæren. The main user of the contracts will be Lyse Elnett, but other Lyse companies shall also be able to make call-offs on the contracts. The size of the assignments will vary, troubleshooting and minor assignments that require a short response time will have direct call-offs on the framework agreement. Major assignments will be awarded after mini-competitions have been held.

#### **II.2.5. Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6. Estimated value**

#### **II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months: 24

This contract is subject to renewal: yes

Description of renewals:

Option for 1 plus 1 year.

#### **II.2.10. Information about variants**

Variants will be accepted: no

#### **II.2.11. Information about options**

Options: no

#### **II.2.13.**

## **Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

### **II.2.14. Additional information**

## **Section III: Legal, economic, financial and technical information**

---

### **III.1. Conditions for participation**

#### **III.1.2. Economic and financial standing**

Selection criteria as stated in the procurement documents

#### **III.1.3. Technical and professional ability**

Selection criteria as stated in the procurement documents

#### **III.1.4. Objective rules and criteria for participation**

List and brief description of rules and criteria:

Tenderers shall have competence and experience within general cable and pipeline ditches. In addition competence is wanted in gas and district/cooling/heating ditches, setting masts and /or directional drilling.

Tenderers shall have sufficient capacity and the ability to deliver (capability), both as regards urgent assignments and ordinary assignments.

The service provider shall have a satisfactory quality assurance system.

Tenderers must fulfil the requirements in the public procurement regulations § 20-12 second and third sections.

### **III.2. Conditions related to the contract**

#### **III.2.2. Contract performance conditions**

As most of the volume in this contract will consist of maintenance, stand-by and troubleshooting, the response time will be short. It is a prerequisite that the contractor is able to turn-out at short notice — a lot of emphasis will be put on response time.

The contract also involves some work close to high voltage and around transformer stations, which, due to safety reasons, will have an absolute requirement that the working language is Norwegian.

## **Section IV: Procedure**

---

### **IV.1. Description**

#### **IV.1.1. Type of procedure**

Negotiated procedure with prior call for competition

#### **IV.1.3. Information about a framework agreement or a dynamic purchasing system**
