II.1. Scope of the procurement**II.1.1. Title**

Digital Strategic Road Network (DSRN): Development of an Incident Management Simulation and Visualisation Platform

Reference number: DN387403

II.1.2. Main CPV code

72000000 IT services: consulting, software development, Internet and support

II.1.3. Type of contract

Services

II.1.4. Short description

The tender seeks to develop a decision support tool for incident management and operational planning of the strategic road network, in support of a Highways England's DSRN vision. In particular, the scope of works will require the successful respondent to:

Develop an incident management tool, capable of supporting operations at the West Midlands Regional Control Centre. The decision support tool will encompass the entire "Birmingham Box", a region bounded by the M5, M6 and M42.

Develop a tool that can identify spare capacity in the network (around the Birmingham Box).

This could involve identifying when to change speed limits, deploy ramp metering, altering the traffic light sequence, etc.

Install the developed software at the West Midland Regional Control Centre and lead a user testing phase.

II.1.5. Estimated total value

Value excluding VAT: 475 000,00 GBP
