Section II: Object

II.1. Scope of the procurement

II.1.1. Title

“Bus as a service” — IT solutions for Unibuss

Reference number: UB-K00212

II.1.2. Main CPV code

48800000 Information systems and servers

II.1.3. Type of contract

Services

II.1.4. Short description

Unibuss plans to hold a competition for the delivery of an IT system for buses that is “compliant” to the standard for ITxPT when we shall submit tenders in future tender competitions for buses.

Unibuss would like to provide bus-as-a-service services in future buses. We plan, therefore, to hold a competition for a contract that shall form the basis for necessary operative IT systems.

The contract’s extent will depend on Unibuss’ future tender outcomes.

The concepts will be based on ITxPT specifications and guidelines.

Key deliveries:

- Real-Time Traffic Management System,
- fleet management,
- automatic passenger counting,
- traffic signal priority,
- internal monitors for passenger information,
- other services requested in our Contracting Authorities' tenders.

The expected award date is mid/end of 4.2018.

II.1.5. Estimated total value

Value excluding VAT: 100 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

48813200 Real-time passenger information system, 48219100 Gateway software package, 63712000 Support services for road transport, 30231000 Computer screens and consoles

II.2.3. Place of performance

NUTS code: NO Norge

II.2.4. Description of the procurement

Unibuss plans to hold a competition for the delivery of an IT system for buses that is in accordance with the standard for IPxPT when we shall submit tenders in future tender competitions for buses.

Unibuss would like to provide bus-as-a-service services in future buses. We plan, therefore, to hold a competition for a contract that shall form the basis for necessary operative IT systems.

The contract’s extent will depend on Unibuss’ future tender outcomes.

The concepts will be based on ITxPT specifications and guidelines.

Key deliveries:

- Real-Time Traffic Management System,
- fleet management,
- automatic passenger counting,
- traffic signal priority,
- internal monitors for passenger information,
- other services requested in our Contracting Authorities' tenders.

The expected award of contract is mid/end of 4.2018.

A general description of Unibuss' needs is attached to this notice. Interested parties can receive further details on the future project. These documents will not, however, be available as a public document, as the documents include information of a confidential character.

Unibuss therefore requires, for security reasons, that tenderers sign the attached

confidentiality declaration before these documents are dispatched. Tenderers can access this information by sending the attached confidentiality declaration.
