**Section II: Object**

**II.1. Scope of the procurement**

**II.1.1. Title**

Procurement 98/2016 - Implementation of an online simulation tool for monitoring the water distribution system for all of Oslo

Reference number: 98/2016

**II.1.2. Main CPV code**

72500000 Computer-related services

**II.1.3. Type of contract**

Supplies

**II.1.4. Short description**

Background for the procurement:

— VAV procured and implemented the online simulation tool AQUIS Operation through a pilot project in 2014-2015, for real-time simulation of the operating parameters in the water distribution system in the Skullerud zone (procurement 88/2014, with Doffin reference 2014-926953),

— the pilot project has finished and an evaluation has been carried out of the experience from the pilot installation,  
— the evaluation showed that the procured software from the system integrator Niras A/S and their sub-supplier Schneider Electric Danmark A/S is suitable for VAV for the work of improving the operation of the water supply and for reducing leaks.

The objective of the procurement:

— implementation of an online simulation and analysis tool for monitoring the water distribution system for all of Oslo.

#### **II.1.6. Information about lots**

This contract is divided into lots: no

#### **II.1.7. Total value of the procurement**

Value excluding VAT: 9 012 776,00 NOK

### **II.2. Description**

#### **II.2.3. Place of performance**

NUTS code: NO Norge

#### **II.2.4. Description of the procurement**

The aim of the procurement is the implementation of an online simulation and analysis tool for monitoring the water distribution system for all of Oslo.

#### **II.2.11. Information about options**

Options: yes

Description of options:

The options included in the contract value are for software, service, and support.

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

#### **II.2.14. Additional information**

### **Section IV: Procedure**

---

#### **IV.1. Description**

##### **IV.1.1. Type of procedure**

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- The procurement falls outside the scope of application of the directive

Explanation:

There are no equivalent services from another supplier that can do this. The reason for this is that the online system is a system dependent technical system, which VAV has implemented through a pilot project. The simulation tool is proprietor software, with Schneider Electric Danmark A/S having the sole rights to software applications and source codes. The sole rights mean that no other suppliers offer the service. It is, thus, unnecessary to spend time and resources holding a competition.

Based on the above, it is understood that competition is impossible due to technical reasons and that the system integrator is, in addition, the only company that can actually provide the service in question with the described quality. VAV's specific investment in the existing system means that there are no reasonable alternatives to making the procurement without a competition.

The documents in procurement 98/2016 are, due to the above-mentioned reasons, adapted to a specific supplier (Niras Norge AS). The documents in procurement 88/2014 were, however, not adapted to a specific supplier. The terms for making a procurement without a competition, in accordance with FFO § 9-3, letter b (2) and (3), are, based on the above, deemed to be fulfilled.

#### **IV.1.3. Information about a framework agreement or a dynamic purchasing system**

#### **IV.1.8. Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: yes

#### **IV.2. Administrative information**

##### **IV.2.1. Previous publication concerning this procedure**

Notice number in the OJ S: [2018/S 003-004377](#)

##### **IV.2.8. Information about termination of dynamic purchasing system**

##### **IV.2.9. Information about termination of call for competition in the form of a periodic indicative notice**

### **Section V: Award of contract**

---

#### **Contract No: 1**

A contract/lot is awarded: yes

#### **V.2. Award of contract**

##### **V.2.1. Date of conclusion of the contract**

25/01/2018

##### **V.2.2. Information about tenders**

Number of tenders received: 1

The contract has been awarded to a group of economic operators: no

##### **V.2.3. Name and address of the contractor**

Official name: Niras Norge AS

National registration number: 992152265

Postal address: Postboks 8034 Forus

Town: STAVANGER

NUTS code: NO Norge

Postal code: 4068

Country: Norway

The contractor is an SME: yes

##### **V.2.4. Information on value of the contract/lot**

Total value of the contract/lot: 9 012 776,00 NOK

##### **V.2.5.**

### **Information about subcontracting**

The contract is likely to be subcontracted Short description of the part of the contract to be subcontracted:

Aquis software and service agreement.

### **V.2.6. Price paid for bargain purchases**

## **Section VI: Complementary information**

---

### **VI.3. Additional information**

### **VI.4. Procedures for review**

#### **VI.4.1. Review body**
