### **III.1. Conditions for participation**

#### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Tenderers must be registered in a company register, professional register or a trade register in the state where the tenderer is established.

Documentation requirements:

Norwegian companies: company registration certificate.

Foreign companies: verification showing that the company is registered in a company register, professional register or a trade register in the country where the tenderer is established.

#### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

Tenderers must have sufficient economic and financial capacity to fulfil the contract.

Creditworthiness with no requirement for guarantees will be sufficient to meet the requirement.

Documentation requirement: a credit rating based on the most recent financial figures. The rating must be carried out by a credit rating company with a licence to conduct this service.

If a tenderer has valid reasons for not being able to provide the documentation requested by the Contracting Authority, the tenderer can prove his economic and financial position with any other document that the Contracting Authority deems suitable.

#### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

- 1) The tenderer must have experience from comparable assignments;
- 2) The tenderer must have a good and well-functioning quality assurance and quality management system for the services that are to be delivered;
- 3) The tenderer must have an environmental management system.

Documentation requirement:

1) Description of up to 3 of the tenderer's most relevant/comparable assignments during the last 3 years. The assignment description must include a specification of the assignment value, assignment length and the recipient (name, phone number and email address.). The tenderer is responsible for documenting the assignment's relevance through their description. Tenderers may do this by including documentation on the competence of the personnel that can be used for this project, including experience that has been acquired while the personnel was in the service of another employer;

2) The tenderer must submit documentation of their quality assurance and management system. The following documentation will be accepted: a certificate of the company's quality assurance system/quality management system, issued by independent bodies that confirm that the tenderer meets quality assurance standards in accordance with ISO 9001 or equivalent, or a description that as a minimum includes the company's procedures/routines for: deviation and claims management;

3) The tenderer must deliver documentation of their environmental management system. The following documentation will be accepted: valid attestations/certificates issued by independent bodies (e.g. ISO 14001, EMAS, Eco Lighthouse or equivalent) or a description of the tenderer's own environment management system. The description must as a minimum include an environmental policy and environmental goals.
