Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Development of the impact of grassland management on the UK LULUCF inventory.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 8: Research and development services

NUTS code UK United Kingdom

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

Land management services. Landscape protection services. Soil. Services related to soil pollution. Soil pollution protection services. Soil pollution measurement or monitoring. The Department of Energy and Climate Change ('DECC') wishes to appoint a Supplier to undertake a project to provide evidence of the impact of the principal grassland management approaches under UK conditions on soil organic carbon stocks so that we can publish an inventory which reflects changes in UK carbon stocks and be sure that the inventory is compliant with the IPCC requirements. It will also assist with policy development for the forthcoming LULUCF regulation and carbon budgets. The key outputs are stock change factors for grassland management techniques with uncertainty estimates and a framework to incorporate these into the LULUCF inventory.

II.1.6. CPV code(s)

70332100 Land management services, 90721100 Landscape protection services, 14212400 Soil, 90732000 Services related to soil pollution, 90732100 Soil pollution protection services, 90732600 Soil pollution measurement or monitoring
