### **Section III: Legal, economic, financial and technical information**

---

### **III.1. Conditions for participation**

#### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

1. Tenderers must be a legally established company. Documentation: Tenderers registered in the Norwegian Register of Business Enterprises do not need to enclose documentation. The contracting authority uses eBevis. For tenderers that are not registered in the above-mentioned register, the tenderer must provide certificates or confirmation of registration (equivalent to a company registration certificate) in a trade register or company register as described in the legislation in the country where the tenderer is established. The certificate must not be issued more than 6 months prior to the tender deadline.

#### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

2. Tenderers must have sufficient economic and financial capacity to be able to fulfil the contract. The required economic capacity is considered in relation to the contract value, services, risks and duration. Credit worthiness without a requirement for security will be sufficient to fulfil the requirement. Documentation Requirement: The contracting authority will check the tenderer's economic situation from DIFI's eBevis and undertake an individual credit evaluation via Bisnode. A credit rating equivalent to score A (worthy of credit) or a higher score in accordance with the standard. Recently established companies will be assessed separately.

#### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

3. Tenderers must have good and relevant experience from consultancy services within the contract's disciplines. The experience must be from assignments of an equivalent complexity as the services requested in this contract. Documentation requirement: Relevant experience is to be documented by stating a minimum of three (3) and a maximum of five (5) reference projects from the last five (5) years. The references are to be entered directly in the Merccell system. Only the first five projects will be assessed if more than five reference projects are listed. Tenderers can document experience by referring to the competence of personnel at disposal for this assignment, including experience that has been acquired while personnel performed services for another supplier.

4. Tenderers must have good methods for quality assurance within relevant fields (the tenderer's quality assurance measures). Documentation requirement: An account of the quality assurance system/quality assurance measures. If a tenderer is certified in accordance with ISO 9001 or equivalent quality assurance certification, it is sufficient to enclose a copy of the valid certificate ISO 9001 or equivalent quality assurance certificate.

5. Tenderers must have a good environment management system. Documentation requirement: An account of environmental management measures for the tenderer's environmental management system or environmental standards. If a tenderer has a certificate issued by independent bodies, e.g. ISO 14001, the Eco-Lighthouse certification scheme or EMAS, it is sufficient to present a copy of the valid attestation/certificate.
