Services

Service category No 25: Health and social services

NUTS code UKH3 Essex

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

II.1.4. Short description of the contract or purchase(s)

Health and social work services. Health services. Miscellaneous health services. Company health services. Medical specialist services. This contract is for the provision of Occupational

Health Physician Services to the Authority. The contract is for a period of 3 years with an option to extend by a further 12 months subject to satisfactory performance. Working with and supporting the Authority's Occupational Health Department, the provider will be expected to deliver sickness absence case management advice, fitness to work consultations, specialist medicals (including but not limited to those required by law dealing with asbestos and heavy goods vehicle licencing), supporting the ill health retirement process, advising on reasonable adjustments and/or redeployments, health surveillance as well as providing advice policy formulation in relation to health matters. The services must be delivered, in person, by one named clinician, supported where appropriate and with prior Authority approval, by one named locum. All clinicians must have appropriate General Medical Council registration, including entry onto the GMC Specialist Register at the time of commencement of the contract. The service will be provided in 2 half day sessions of (3.5 hours per session) on a basis of 4 sessions per week for 46 weeks annually. These 2 half day sessions will cover the clinic hours of 9:00-17:00 with the requirement to carry out regular evening clinics, as requested (it is envisaged that these will start at 12:00 and finish no later than 20:00).

The contract is likely to be subcontracted: no

Section VI: Complementary information

VI.1. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.2. Additional information

The contracting authority considers that this contract may be suitable for economic operators that are small or medium enterprises (SMEs). However, any selection of tenderers will be based solely on the criteria set out for the procurement, and the contract will be awarded on the basis of the most economically advantageous tender. This procurement is for a part B Category 25 Service and is exempt from the full obligations of the Public Contract Regulations 2006. Those regulations however still impose an obligation to honour the underlying principles of non-discrimination, equal treatment and transparency, ensuring a sufficient level of advertising. This notice is being published voluntarily by the Authority in recognition of those principles. In further support of these principles the Authority will voluntarily incorporate a minimum 10 calendar standstill at the point information on contract award is communicated to bidders to allow for legal challenge of the award decision. As a Part B category 25 service, this procurement is not obliged to, and will not follow one of the four prescribed routes or their associated timescales. This notice indicates use of the "restricted" procedure, but this applies only insofar as tenderers are required to meet minimum standards for their bid to be considered. The use of the PQQ has been limited to allow self-certification of suitability by tenderers, with only the successful bidder being required to provide further evidence prior to

contract award. Additionally, bidders will have to complete a pass/fail qualification stage. All bidders who successfully complete this stage will be taken forward for evaluation. Further details of process and timescales are given in the ITT documents. Details of how to access those documents are given at Section 1 of this notice, and as shown below.
